How to play:

1, Ordinary year query

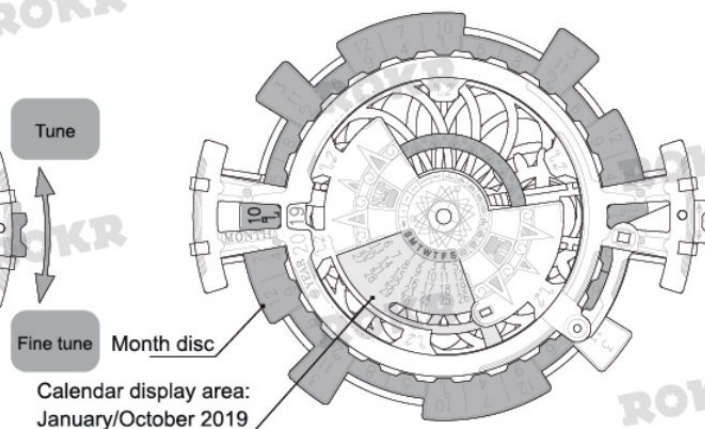

Such as:
January/October 2019

a, First turn the year disc to 2019.

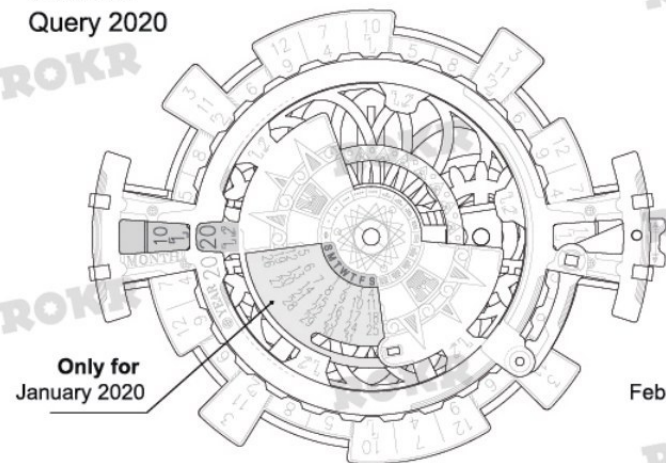

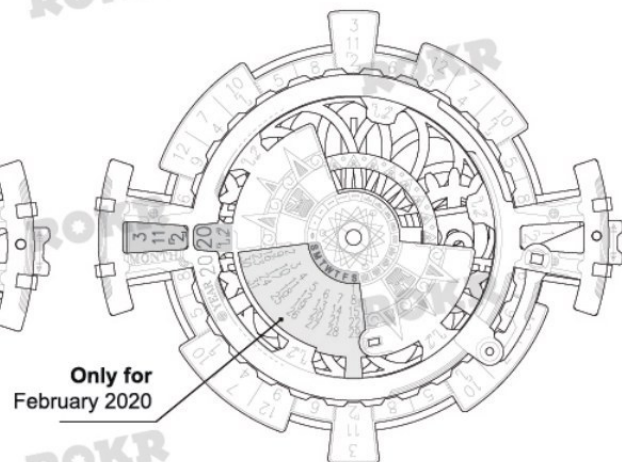

b, Move the gear to the fine adjustment and lock the year disc.

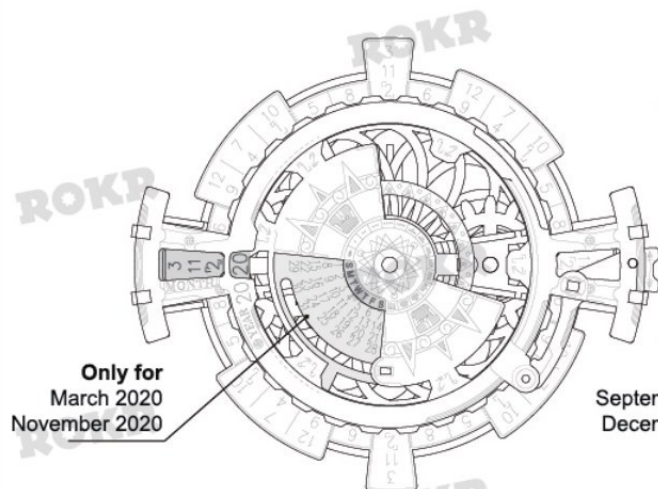

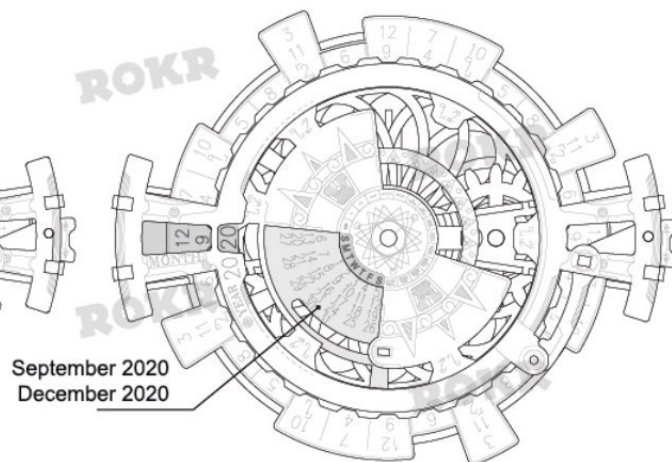

c, Move the month disc to the month (10,1) and check the calendar. Note: The year disc can not be rotated right now.

2, Leap year query

Such as:
Query 2020

a, Years with 1 and 2 suffix can only query the January and February calendars.

b, In order to query the other month calendars, you'd have to turn the device to set the device to the next year with no suffix.

TIPS:

Are you willing to figure out the principle of the perpetual calendar? Scan and make a comment now!

We are waiting for your answer!
We will prepare a beautiful gift for the first person who announce the right answer in the comment area!

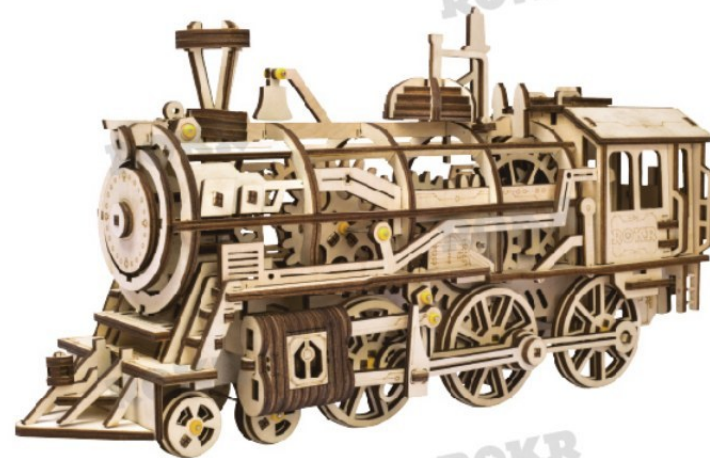

Do you have any other special ways of playing?

Share your creative ways of playing and amazing ideas with our friends and fans for more gifts and compliments.
