Emily's Flower Shop

DG145

Please refer to the actual product for the final effect.

Assembly tips

Tips of assembling

1. As the dimension of the instruction is shown in millimeter.
2. Please check the parts and material type in accordance. Glue nails to self preparation.
3. Do not stick and peel the double-sided tape repeatedly, considering its initial tack.
4. Do not use excessive glue to avoid overflow.
5. Check if the light parts are in place to avoid reflow.

Part number illustration

Refer to the part number papers: find the pieces, and compare it with the part list. Please do not throw away the instruction sheet, because pieces marked with ★.

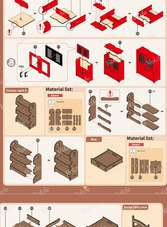

Part list illustration

1. Compare part bags with the part list before assembling to ensure that no parts are missing.
2. Find the part name/code in the part list and find the part with the same name/code in the part bag for assembling.
