Assembly Tips

Apply a dab of glue evenly each time for easier assembling.

Polish the edges with sandpaper if there are burrs on pieces or it's too tight.

Put small parts into the bag to prevent loss.

Remove the part by pressing its back to reduce burrs.

Tips of white latex:

Shown a gift card for sale. If it becomes dry or expired due to time or environmental conditions, you can use your own glue to substitute. Please do not use excessive glue, otherwise it will drip out of the window. Please prepare it yourself.

1.Do not use too much white latex in case of longer time to dry. It may affect the appearance and assembling.

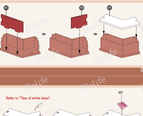

2.Start until the white latex dries. Assemble the next one first during the drying process.
