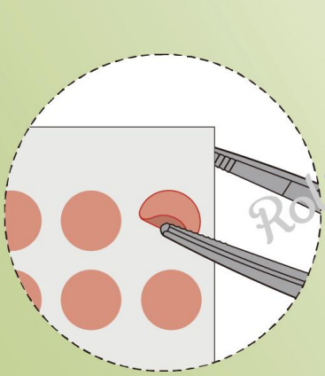
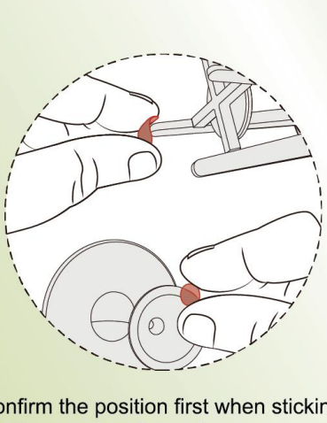
The picture is for reference only.

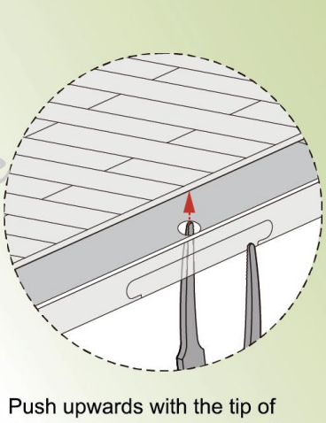
Assembly Tips



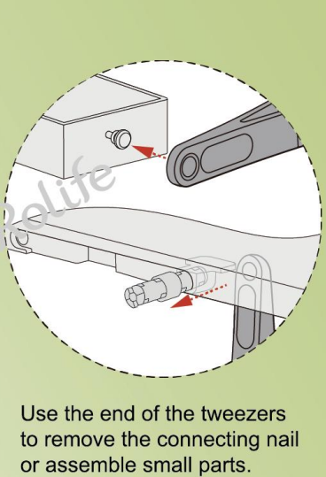
Remove the tape from the side with the tip of the tweezers.



Confirm the position first when sticking the tape on non-flat surfaces, and then remove the film.



Push upwards with the tip of the tweezers to remove the floor.



Use the end of the tweezers to remove the connecting nail or assemble small parts.

01 Notice

WARNING

- Not suitable for children under 3 years old.
- The product shall only be used with a transformer for product or a power supply for it.
- The product shall be used with the power supply supplied, if the transformer is supplied with the product.

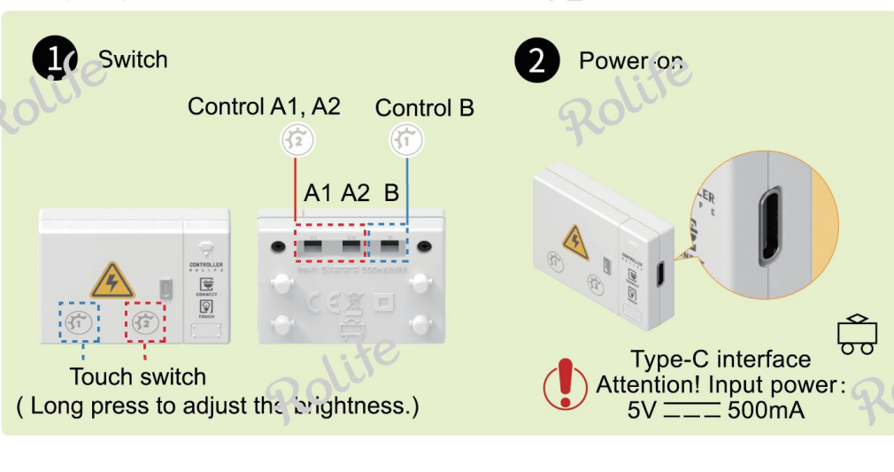
- The instruction must be retained since it contains important information.

02 Icon

Please secure parts as shown in case of any parts loosening:

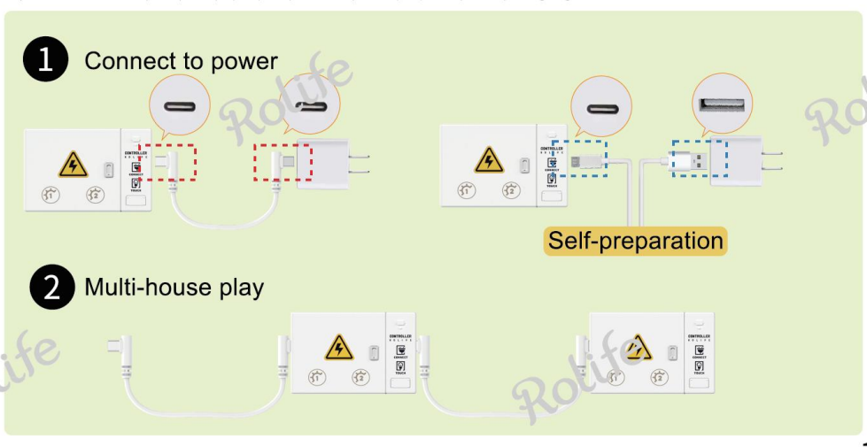
Use double-sided adhesive dot	Use long-strip adhesive tape
❗ Special attention in assembly	Perspective changed
(x2) Complete 2 same parts	Force point
① Step 1	② Step 2

03 Switch box instructions (P2)

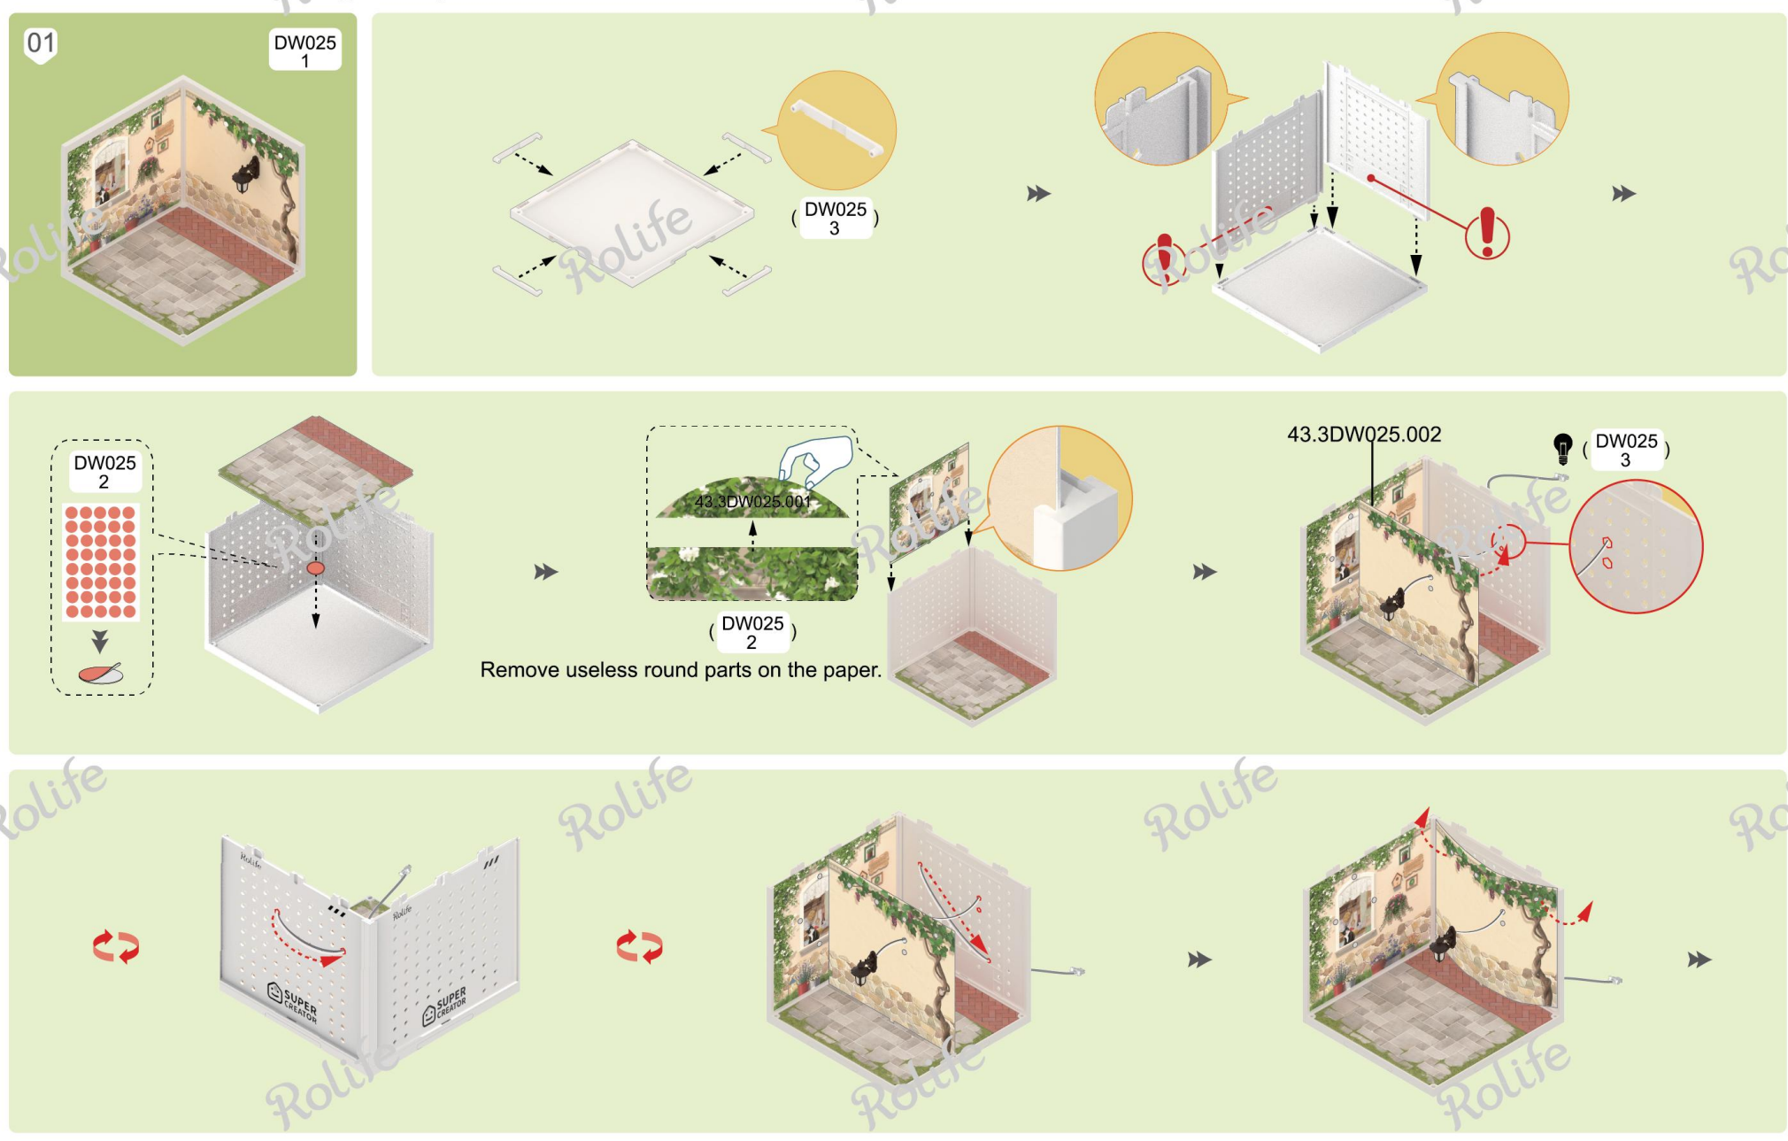


❗ Attention! Input power: 5V ⎓ 500mA

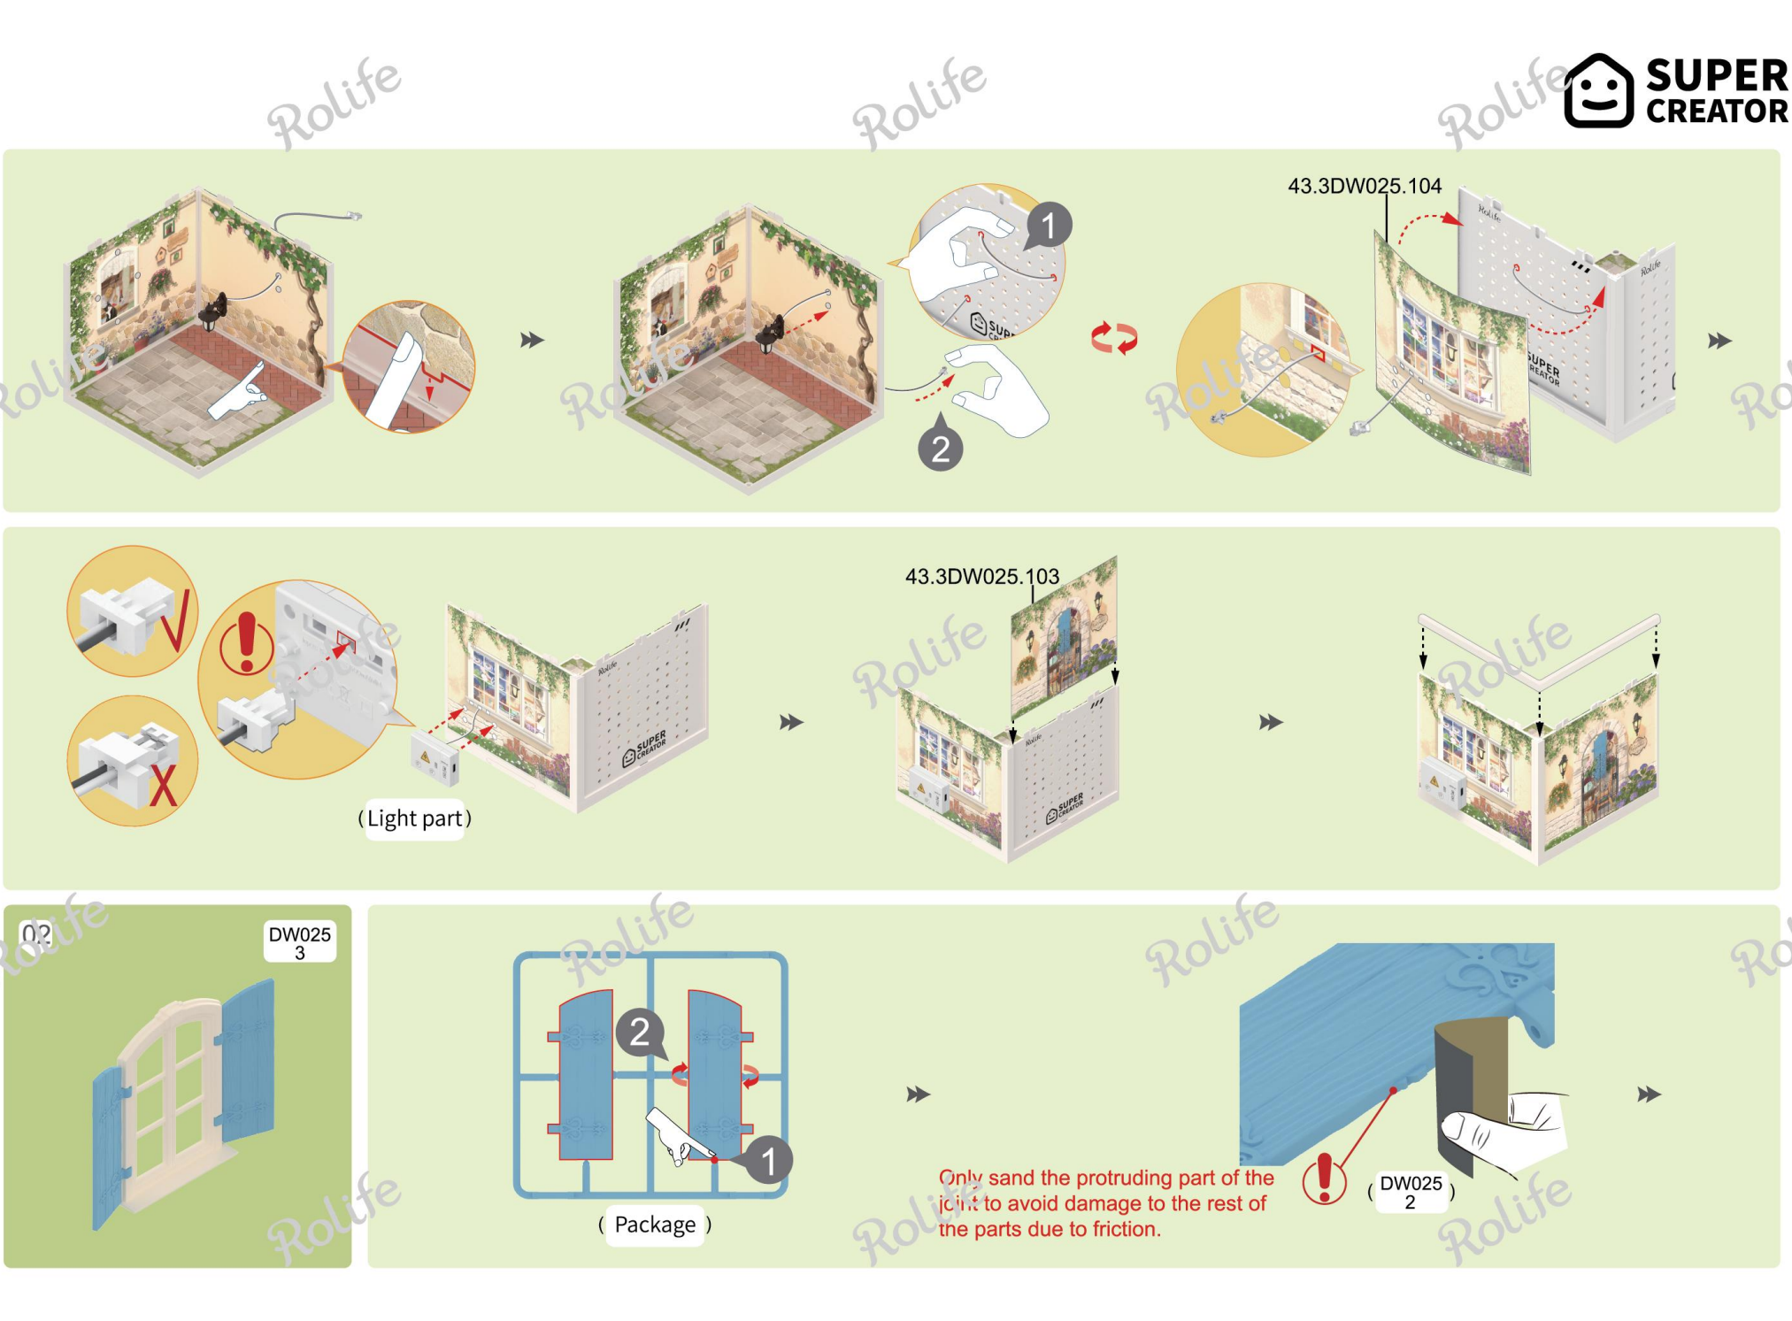
04 Data cable instructions (P1)



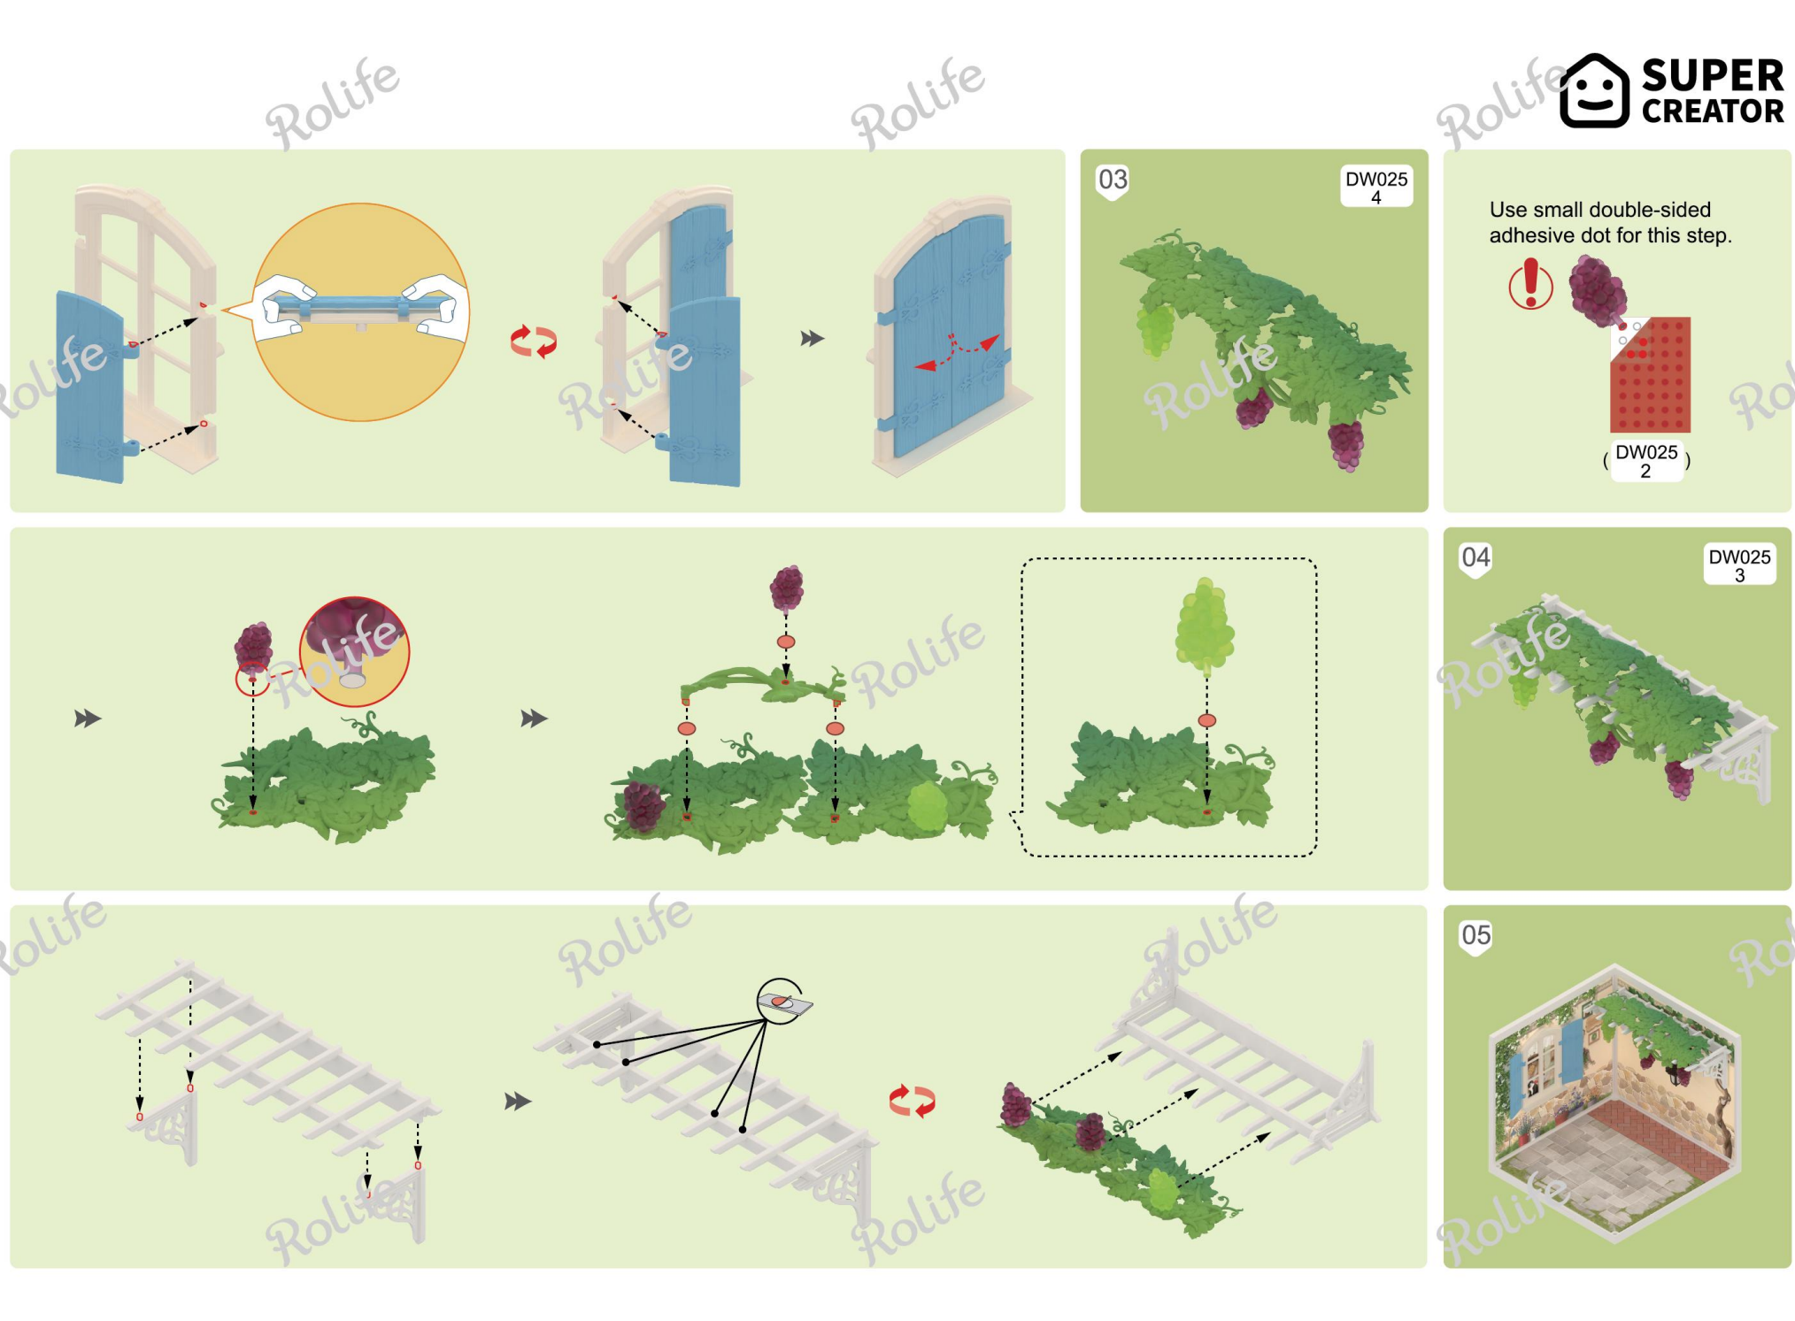
05 Assembling steps



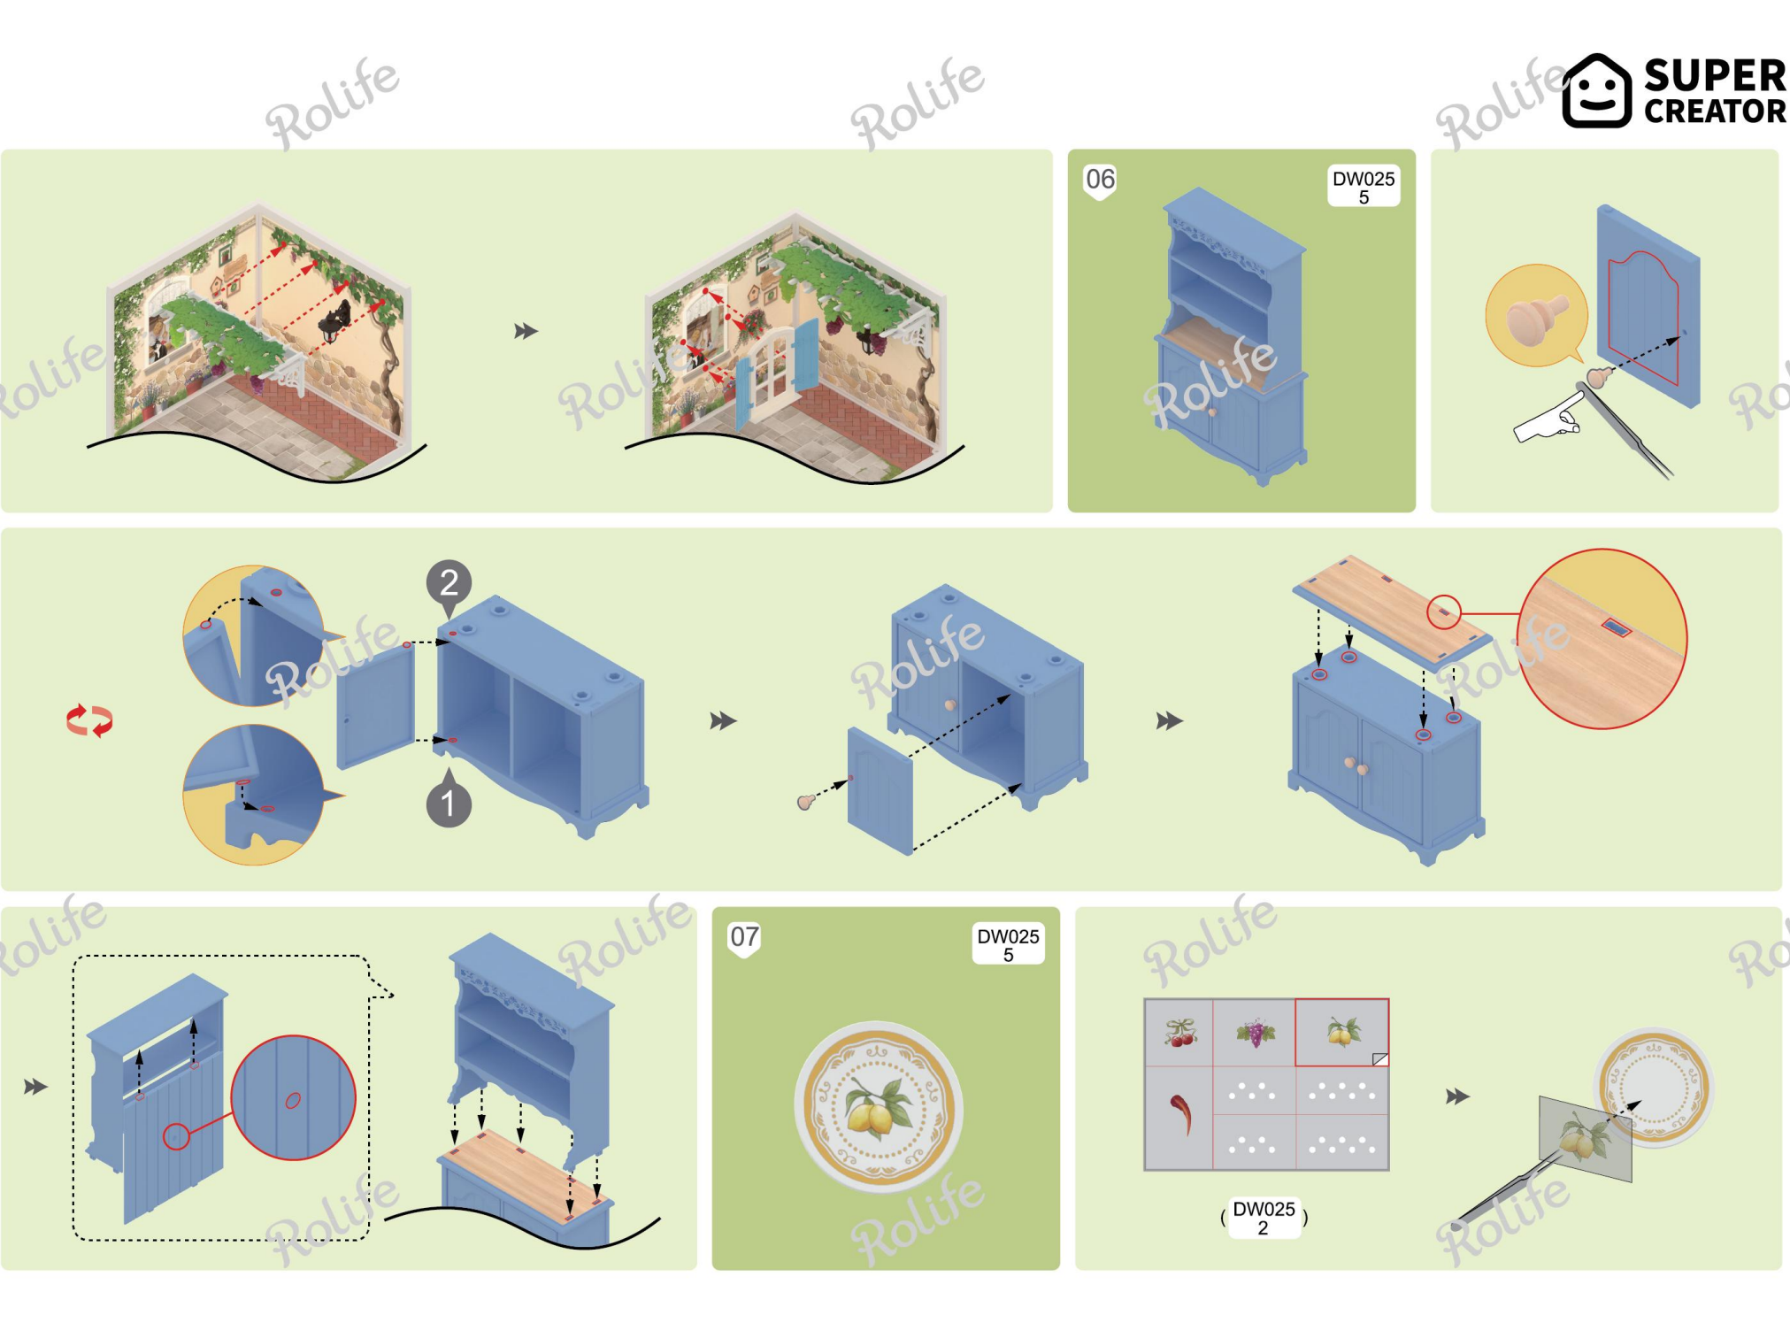
Remove useless round parts on the paper.

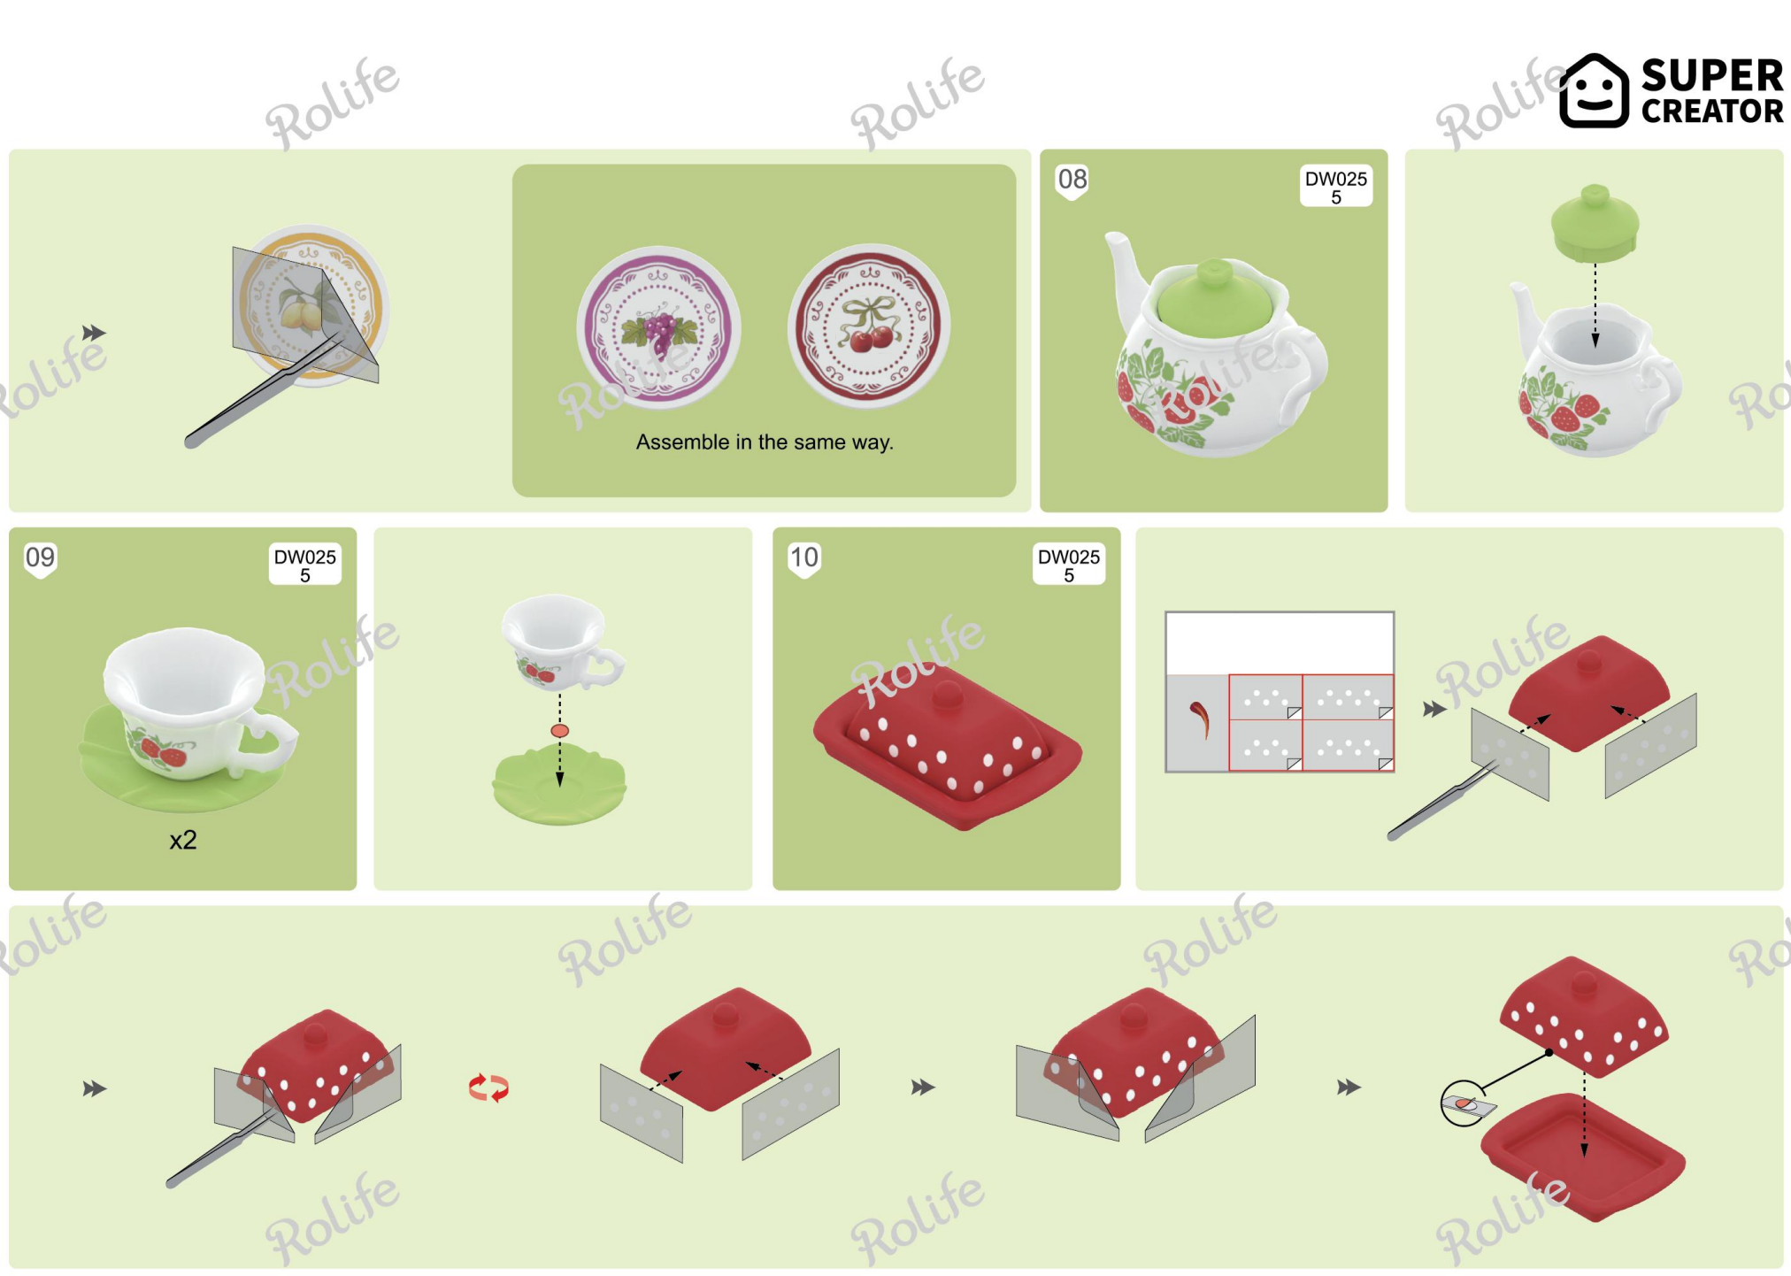


Only sand the protruding part of the joint to avoid damage to the rest of the parts due to friction.

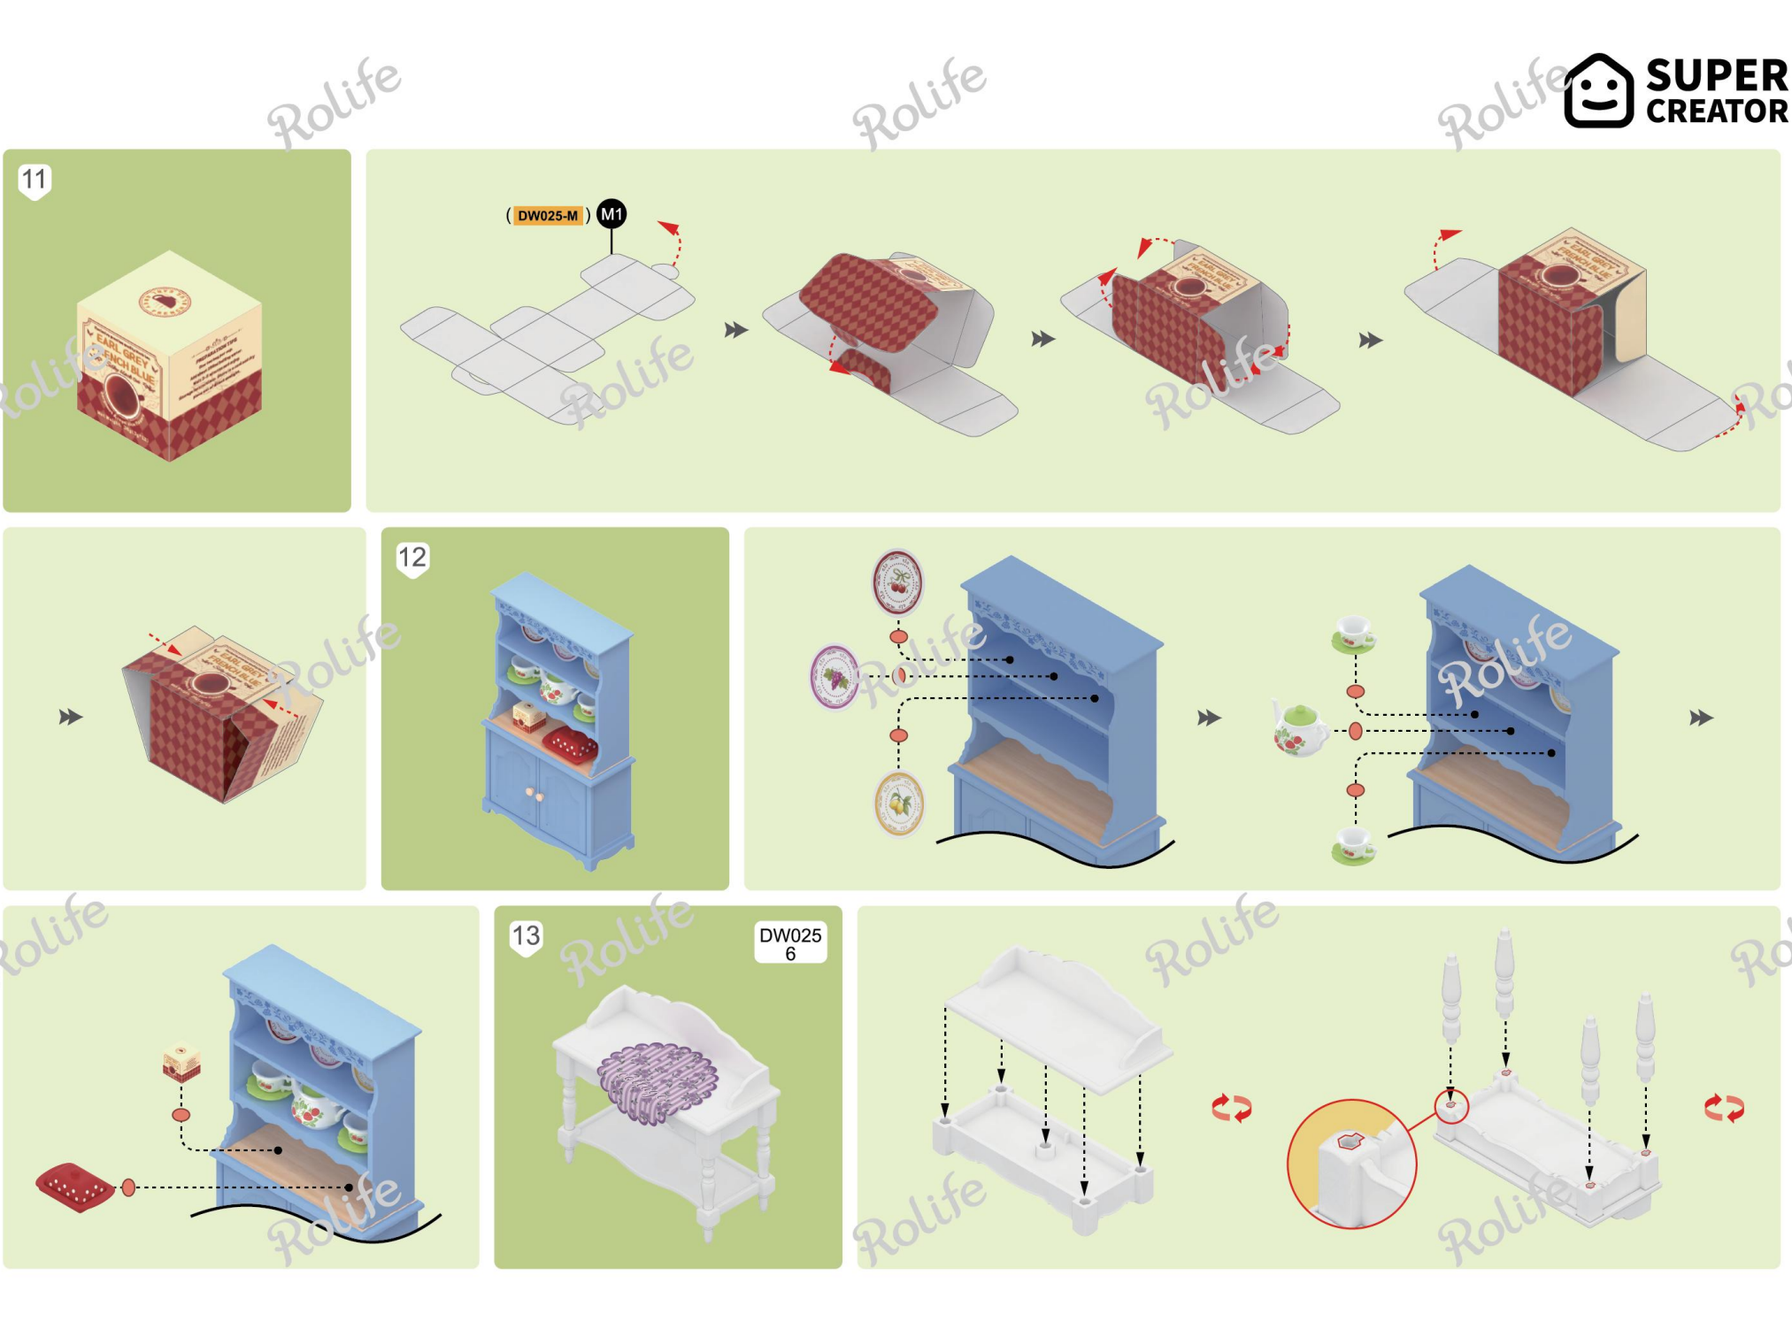


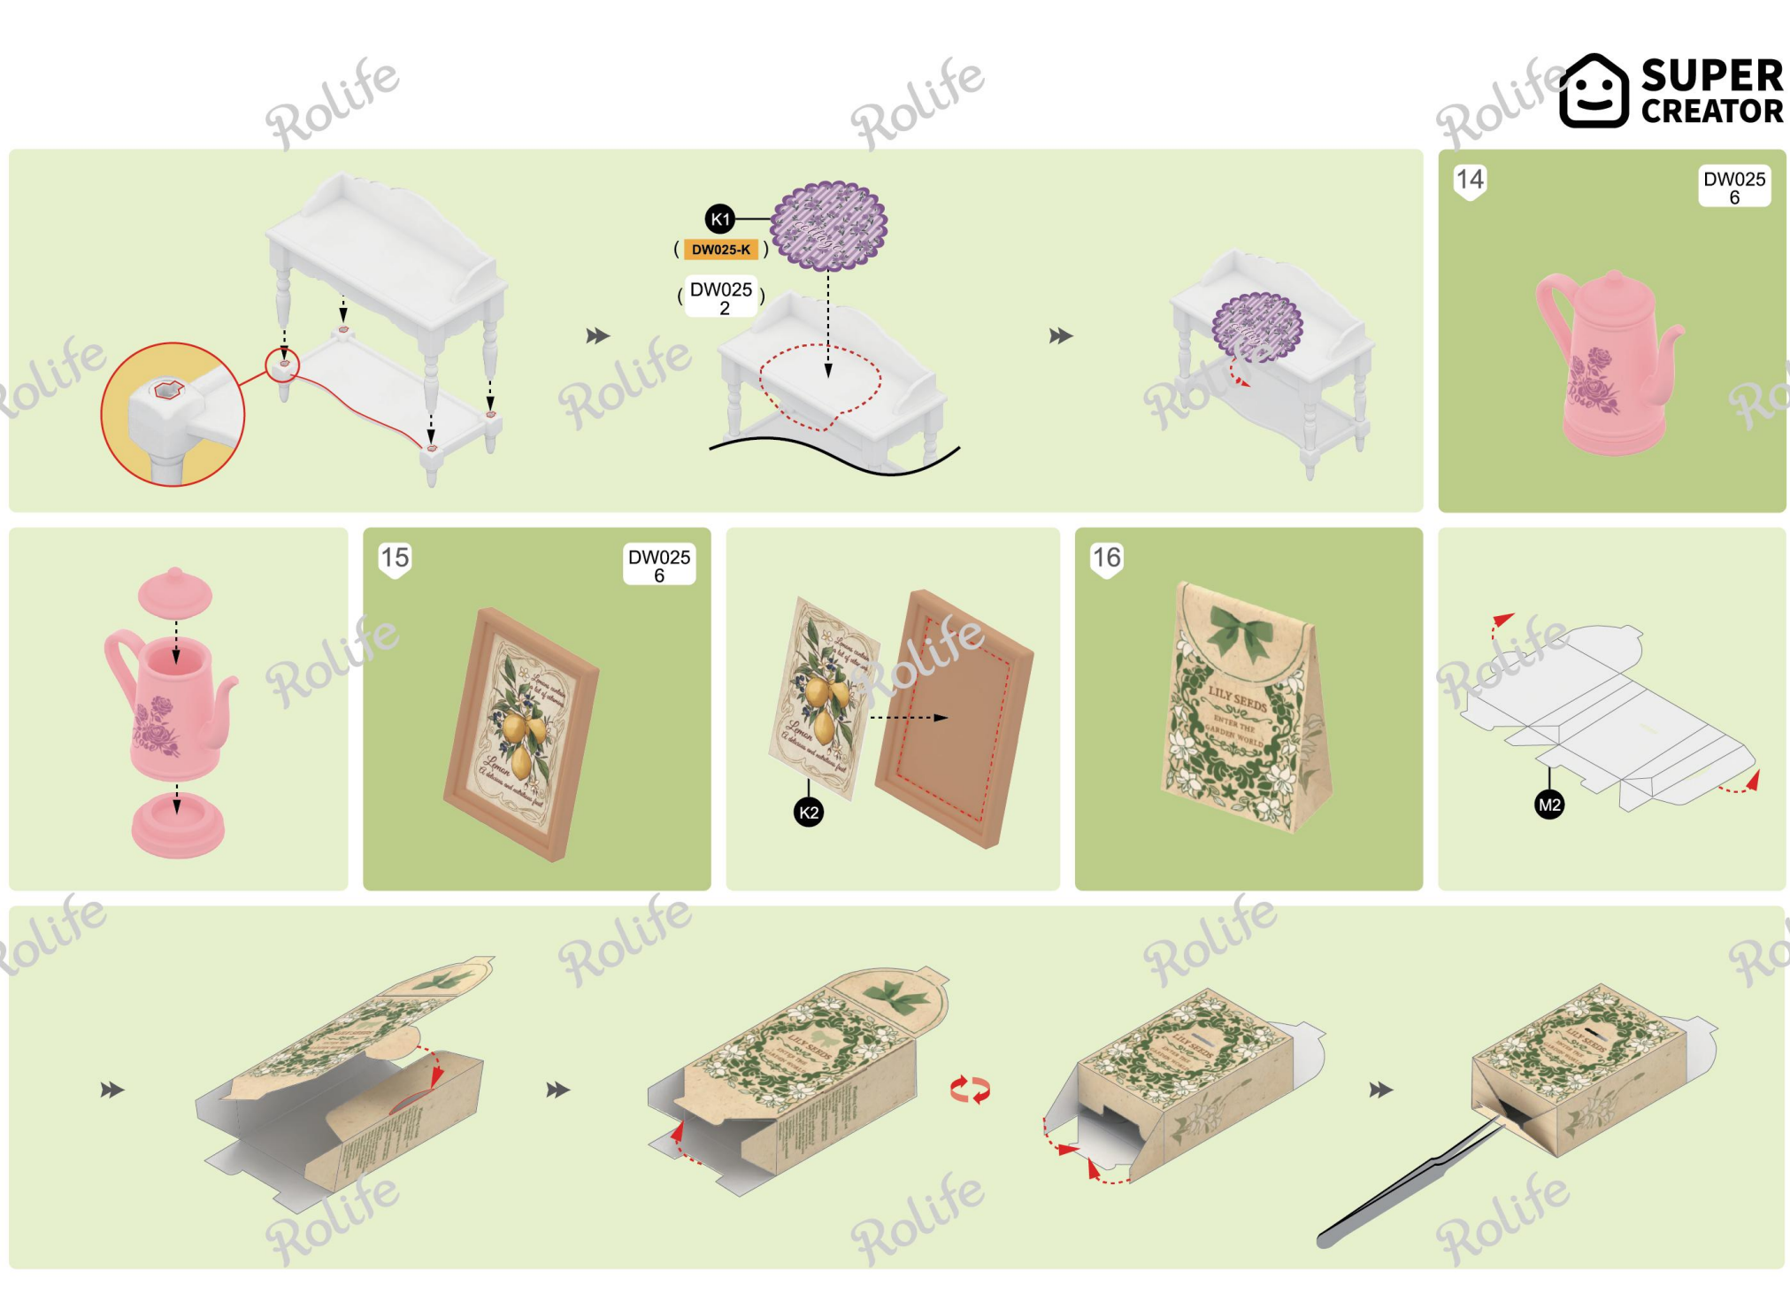
Use small double-sided adhesive dot for this step.

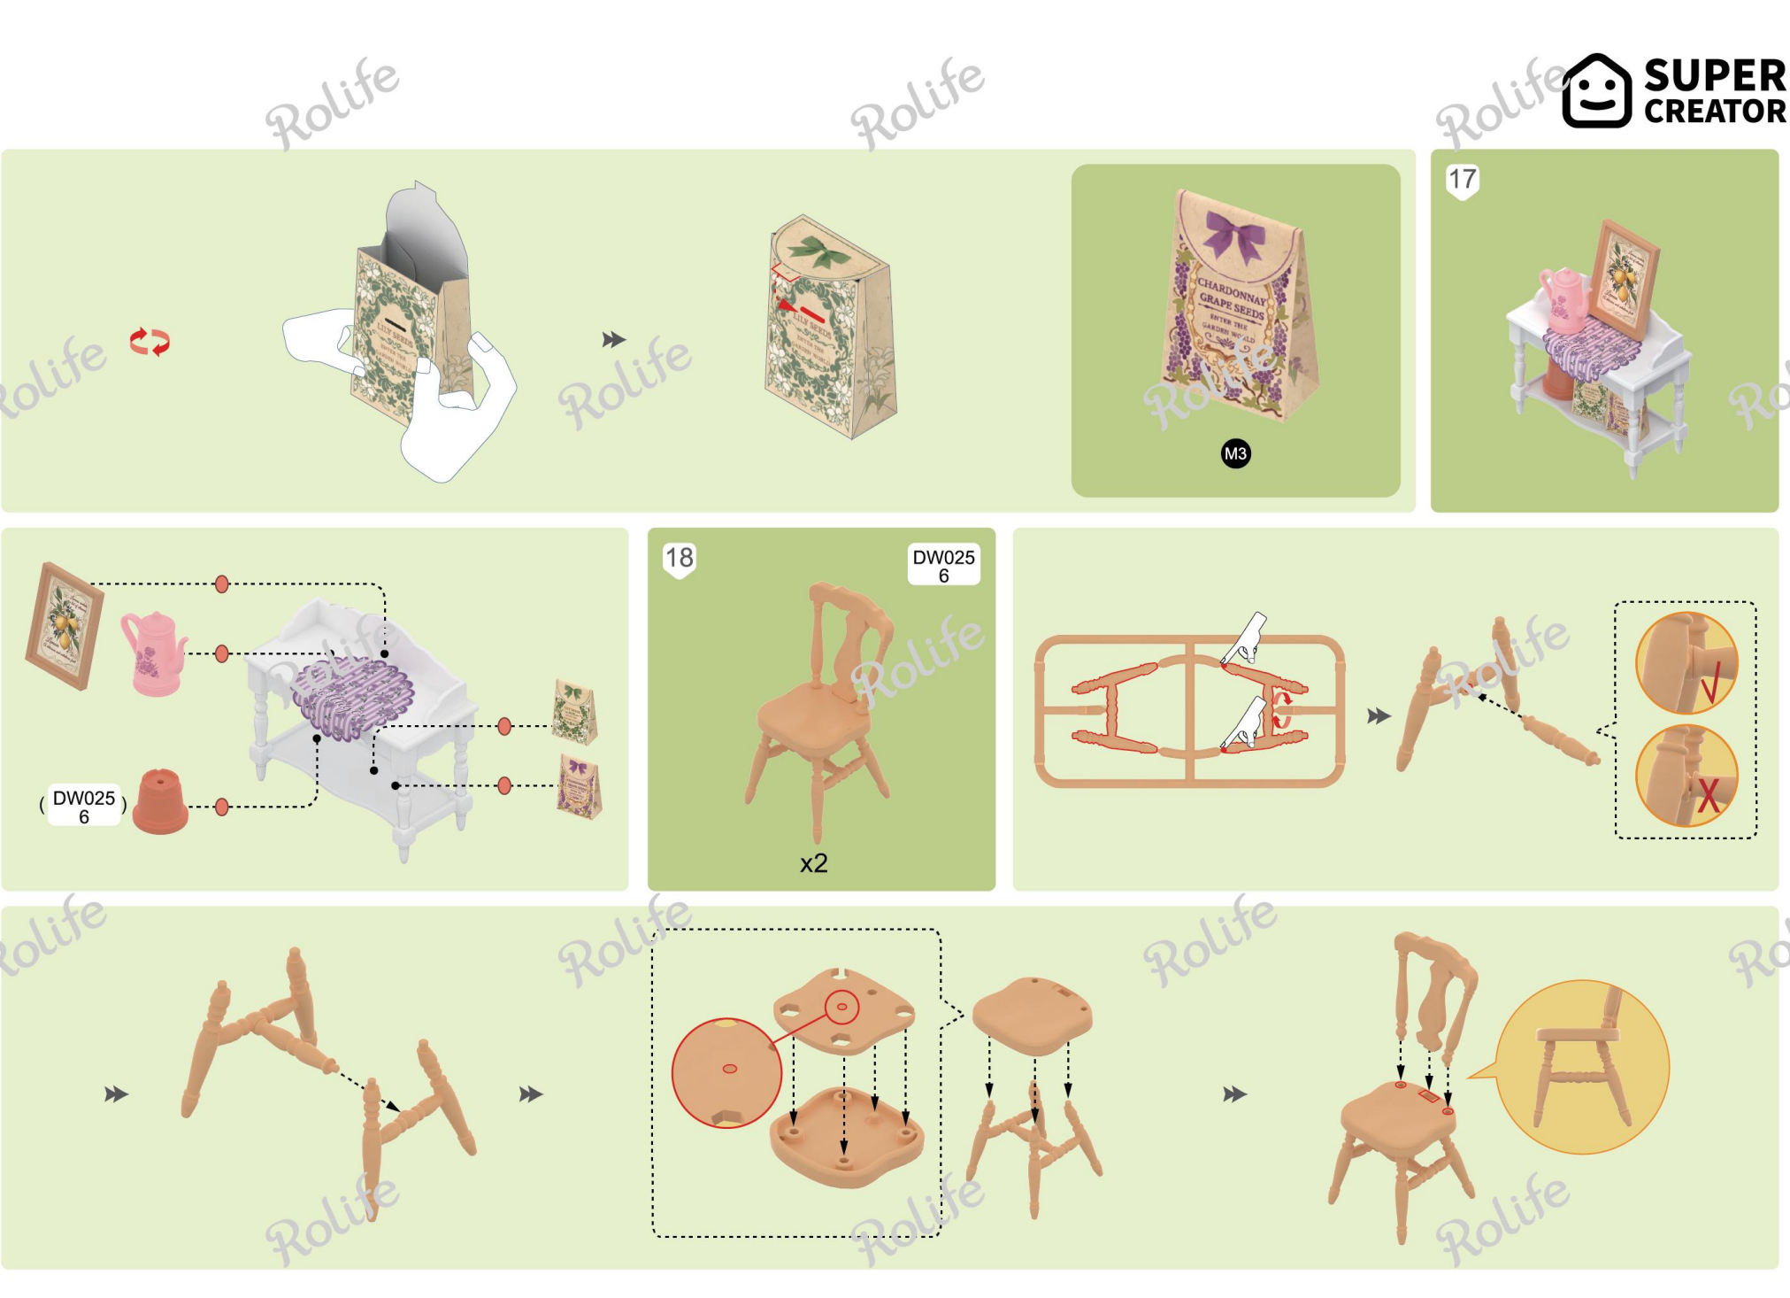


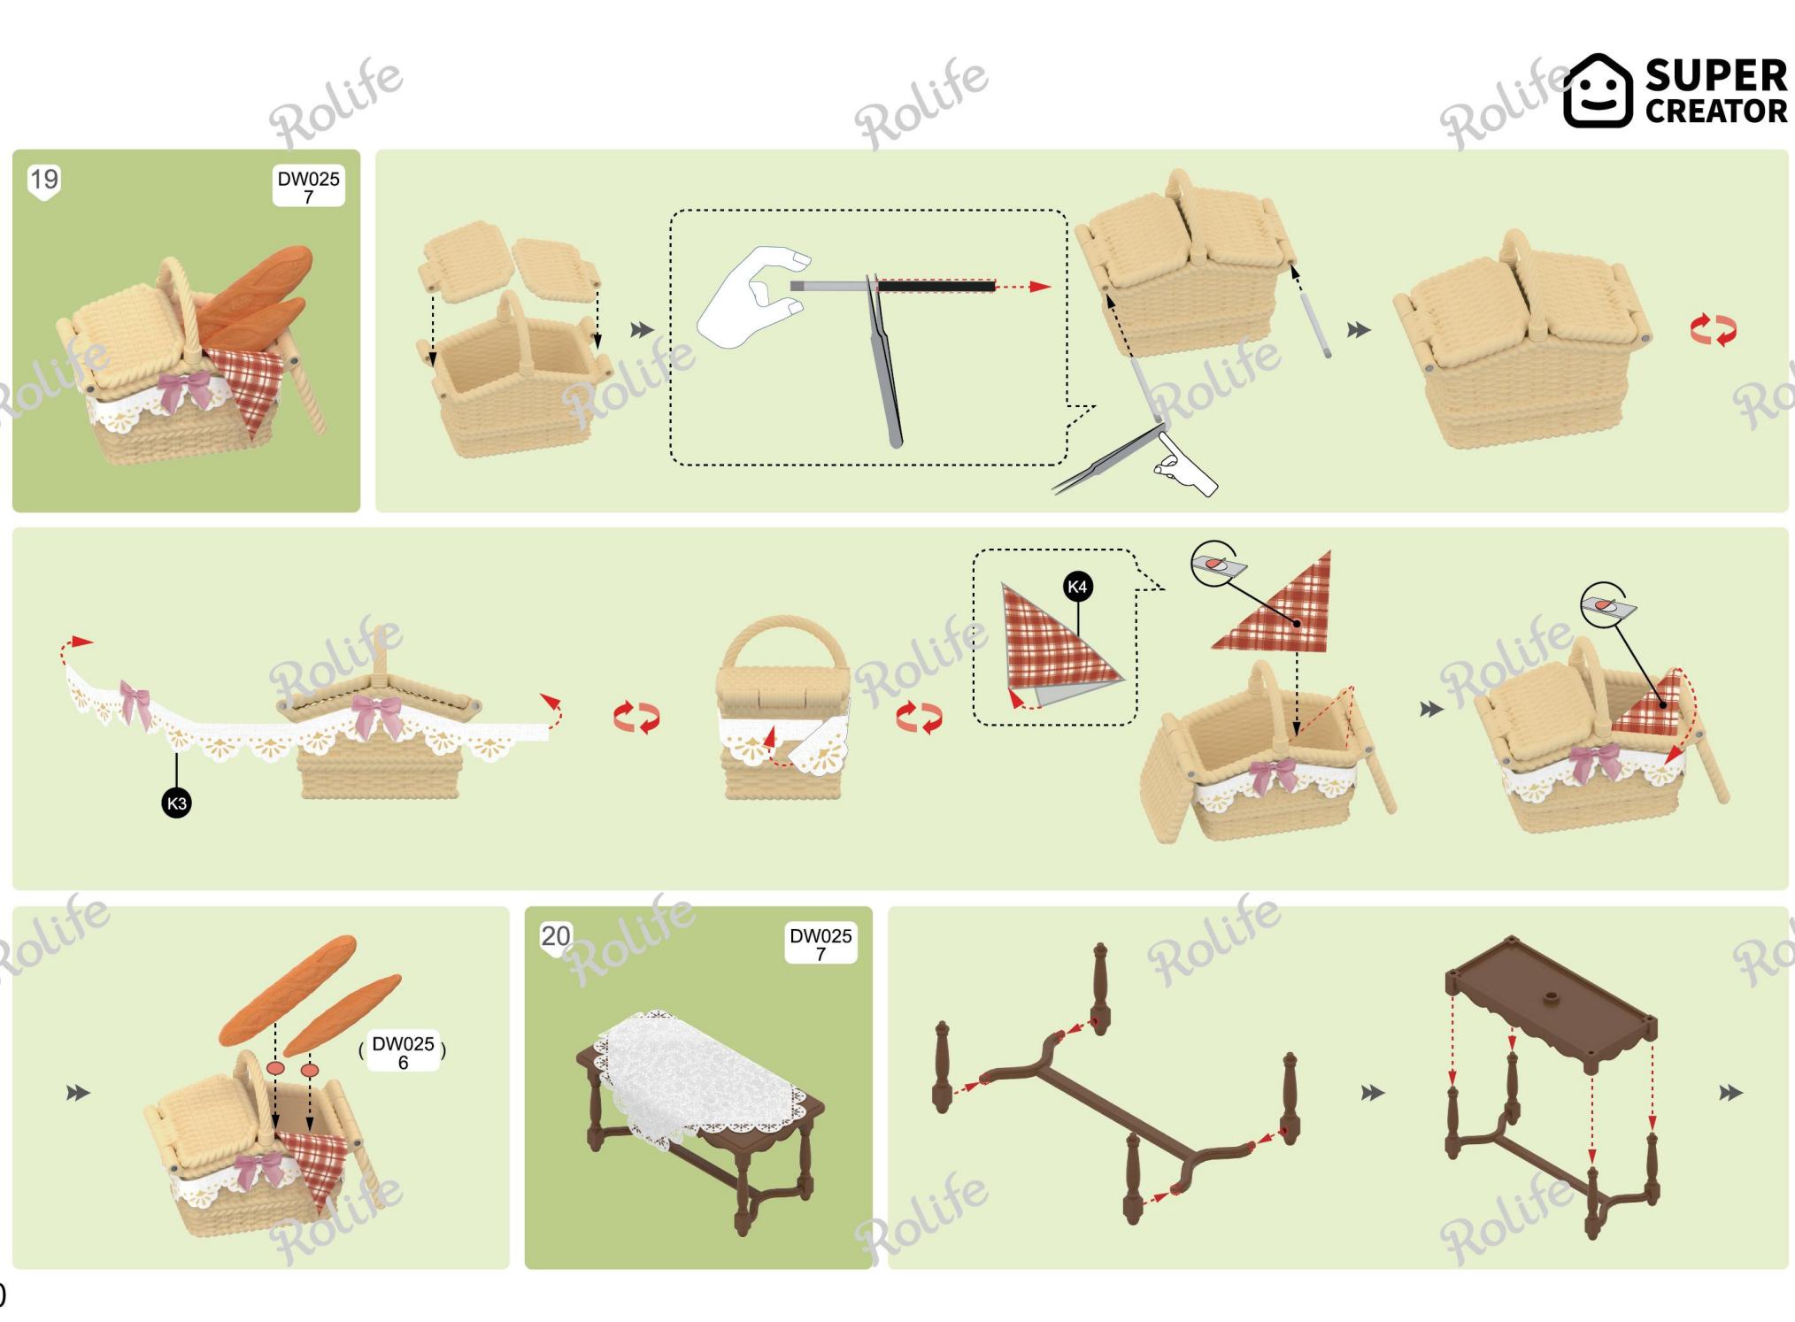


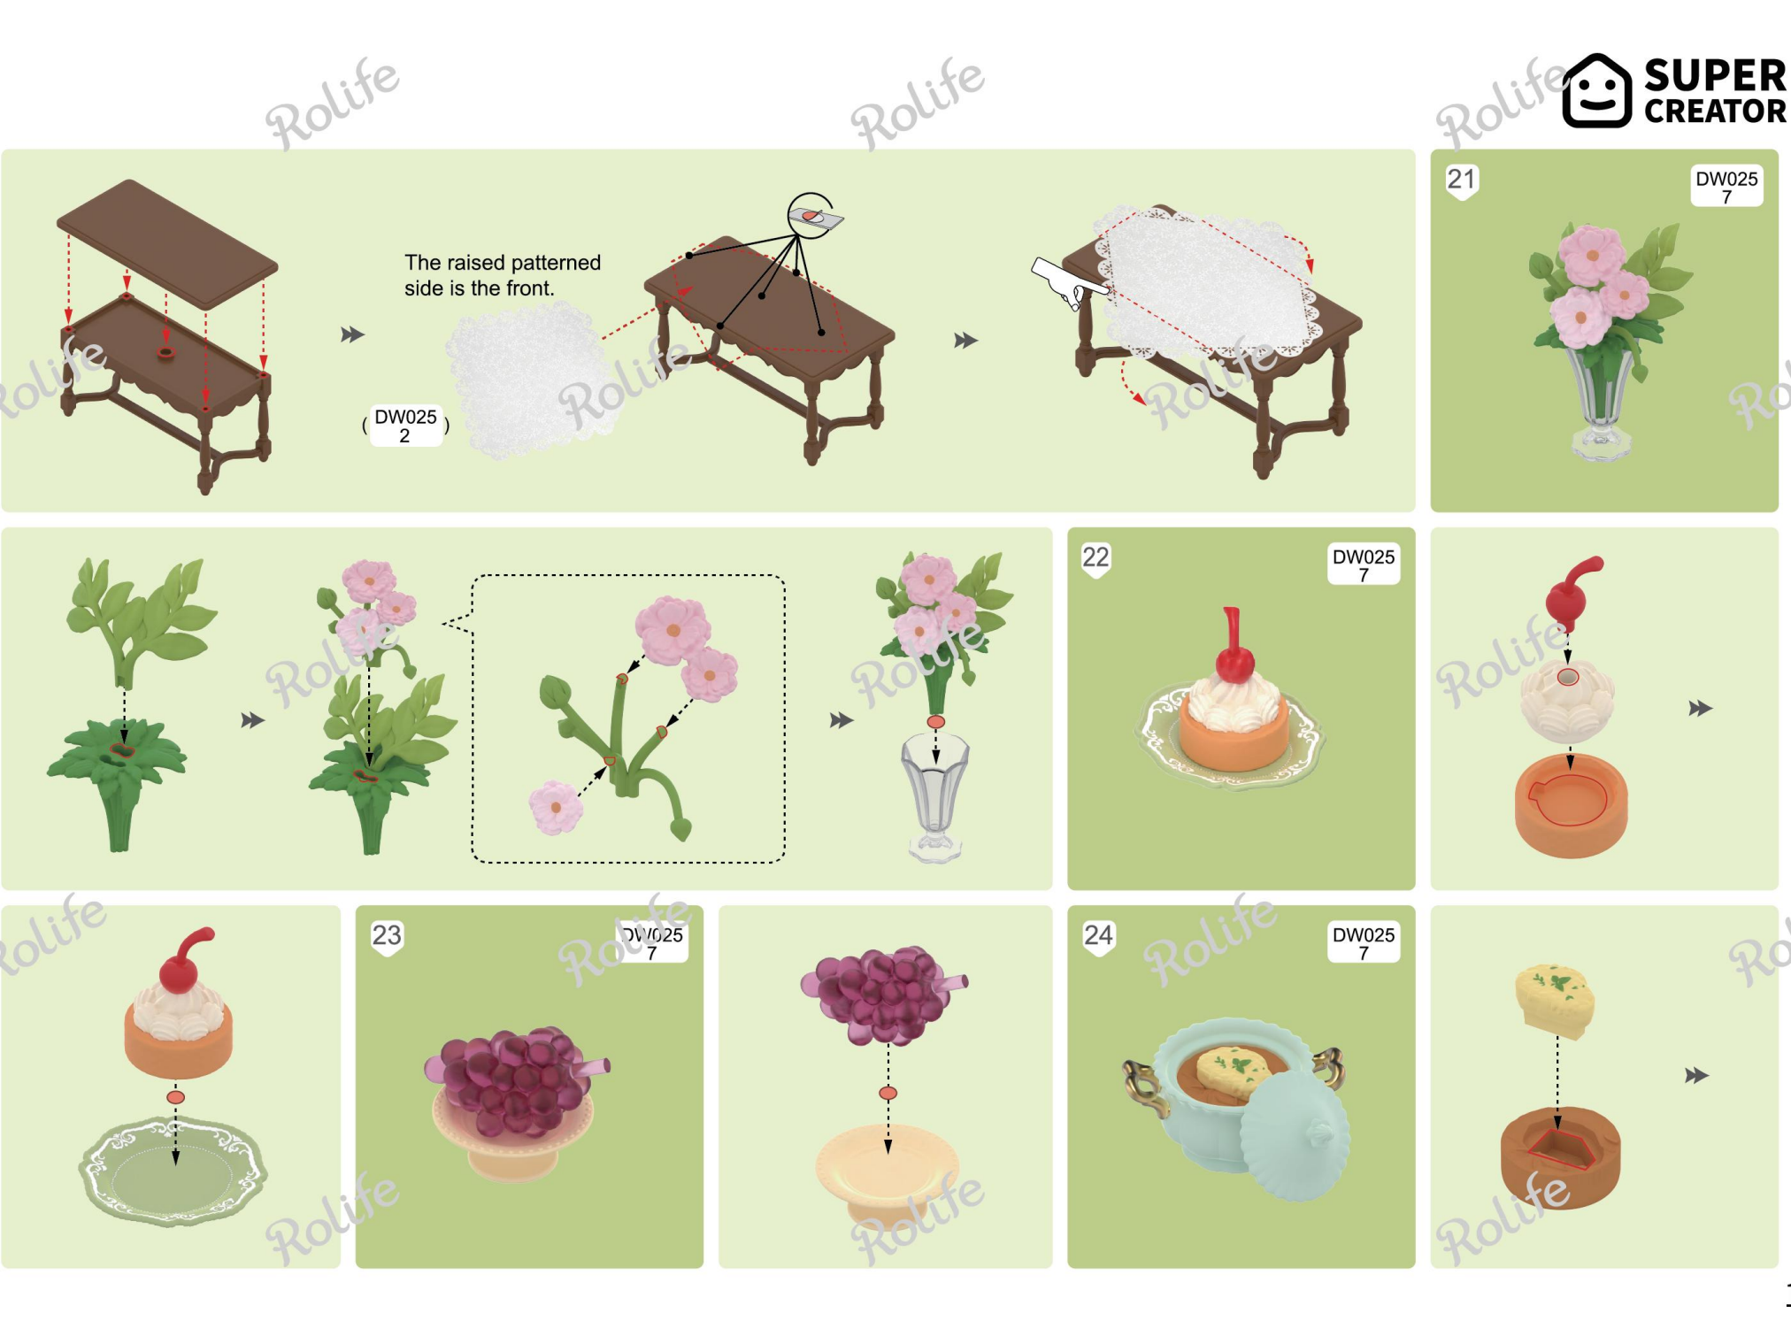
Assemble in the same way.



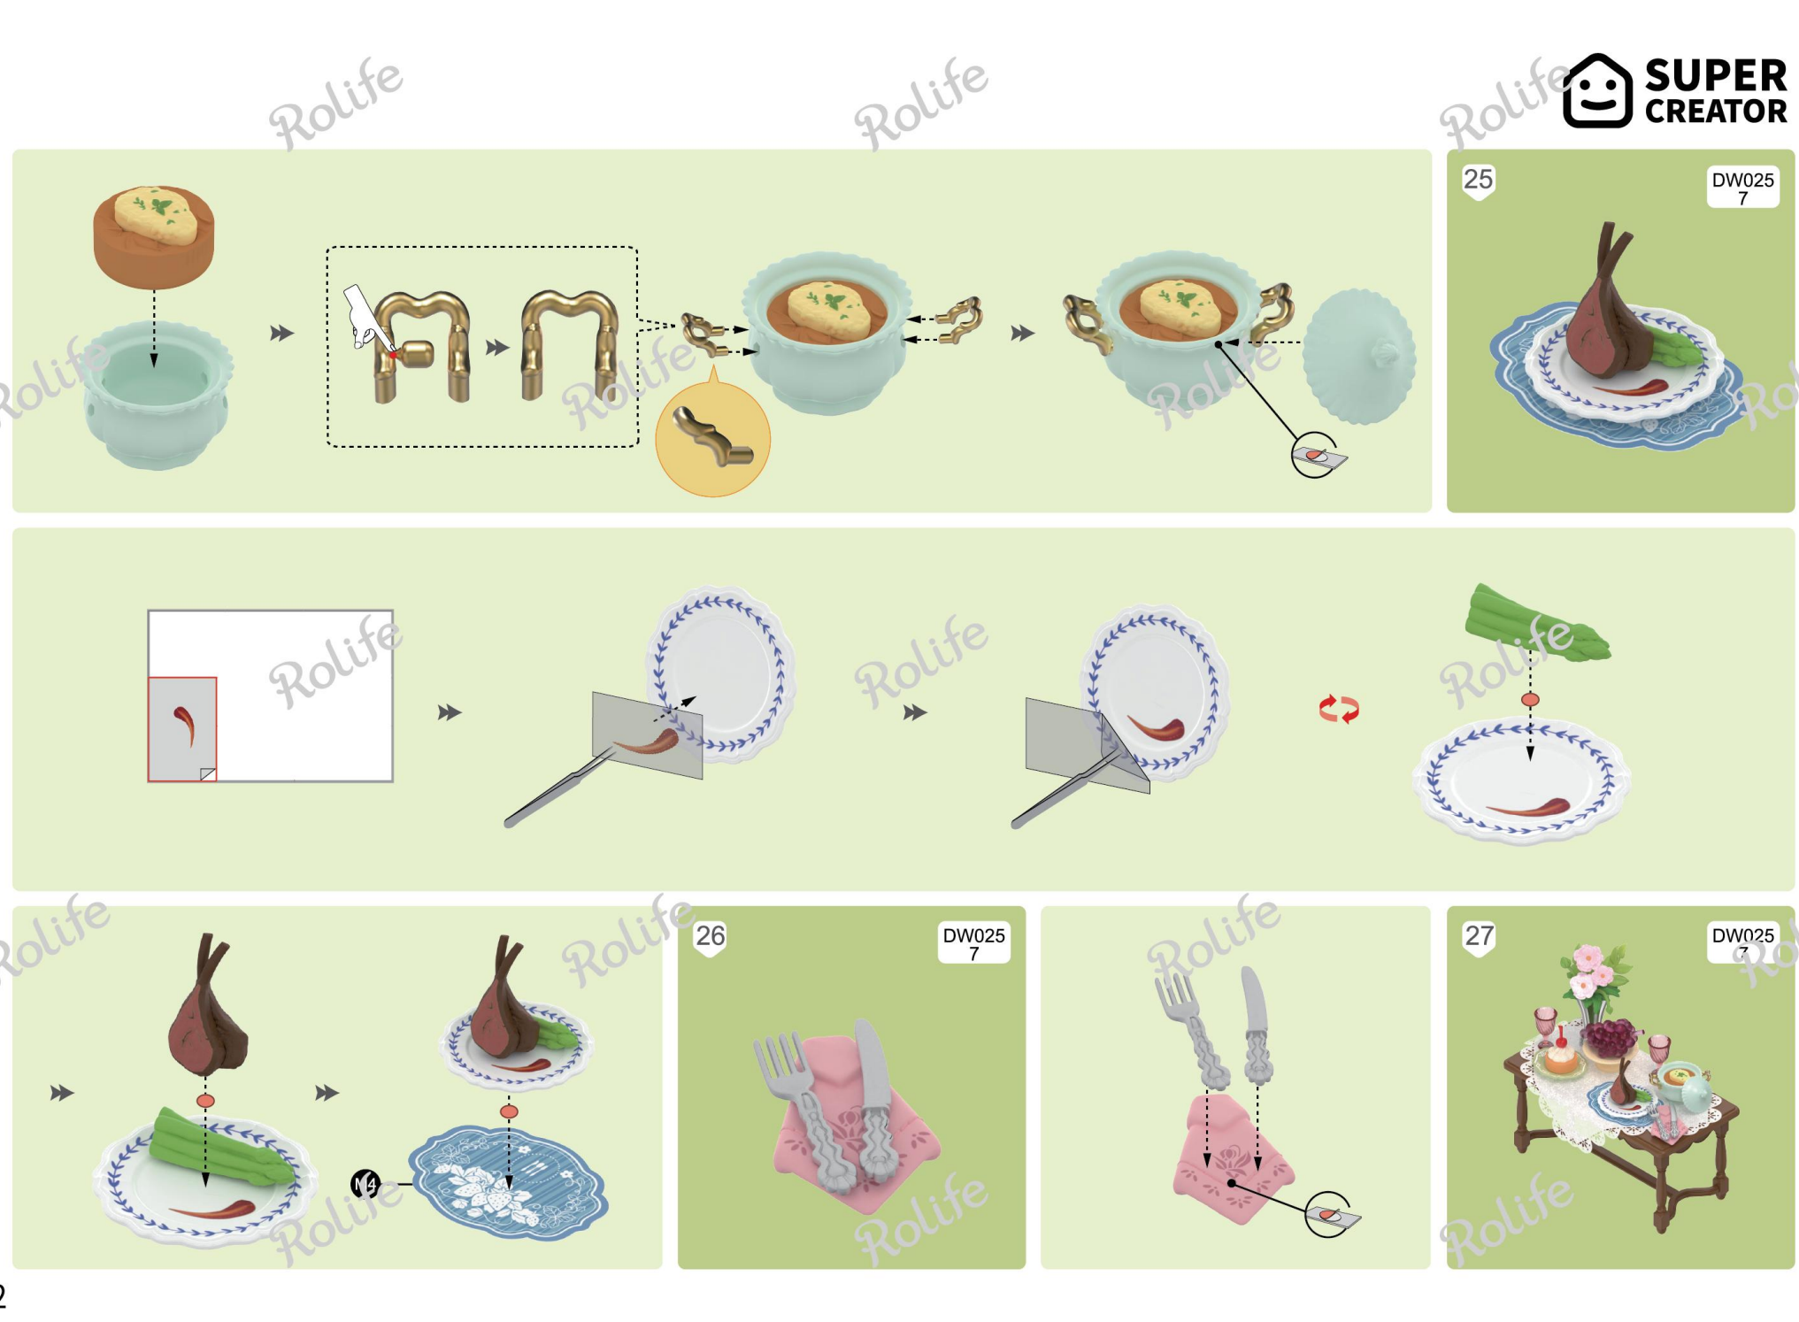


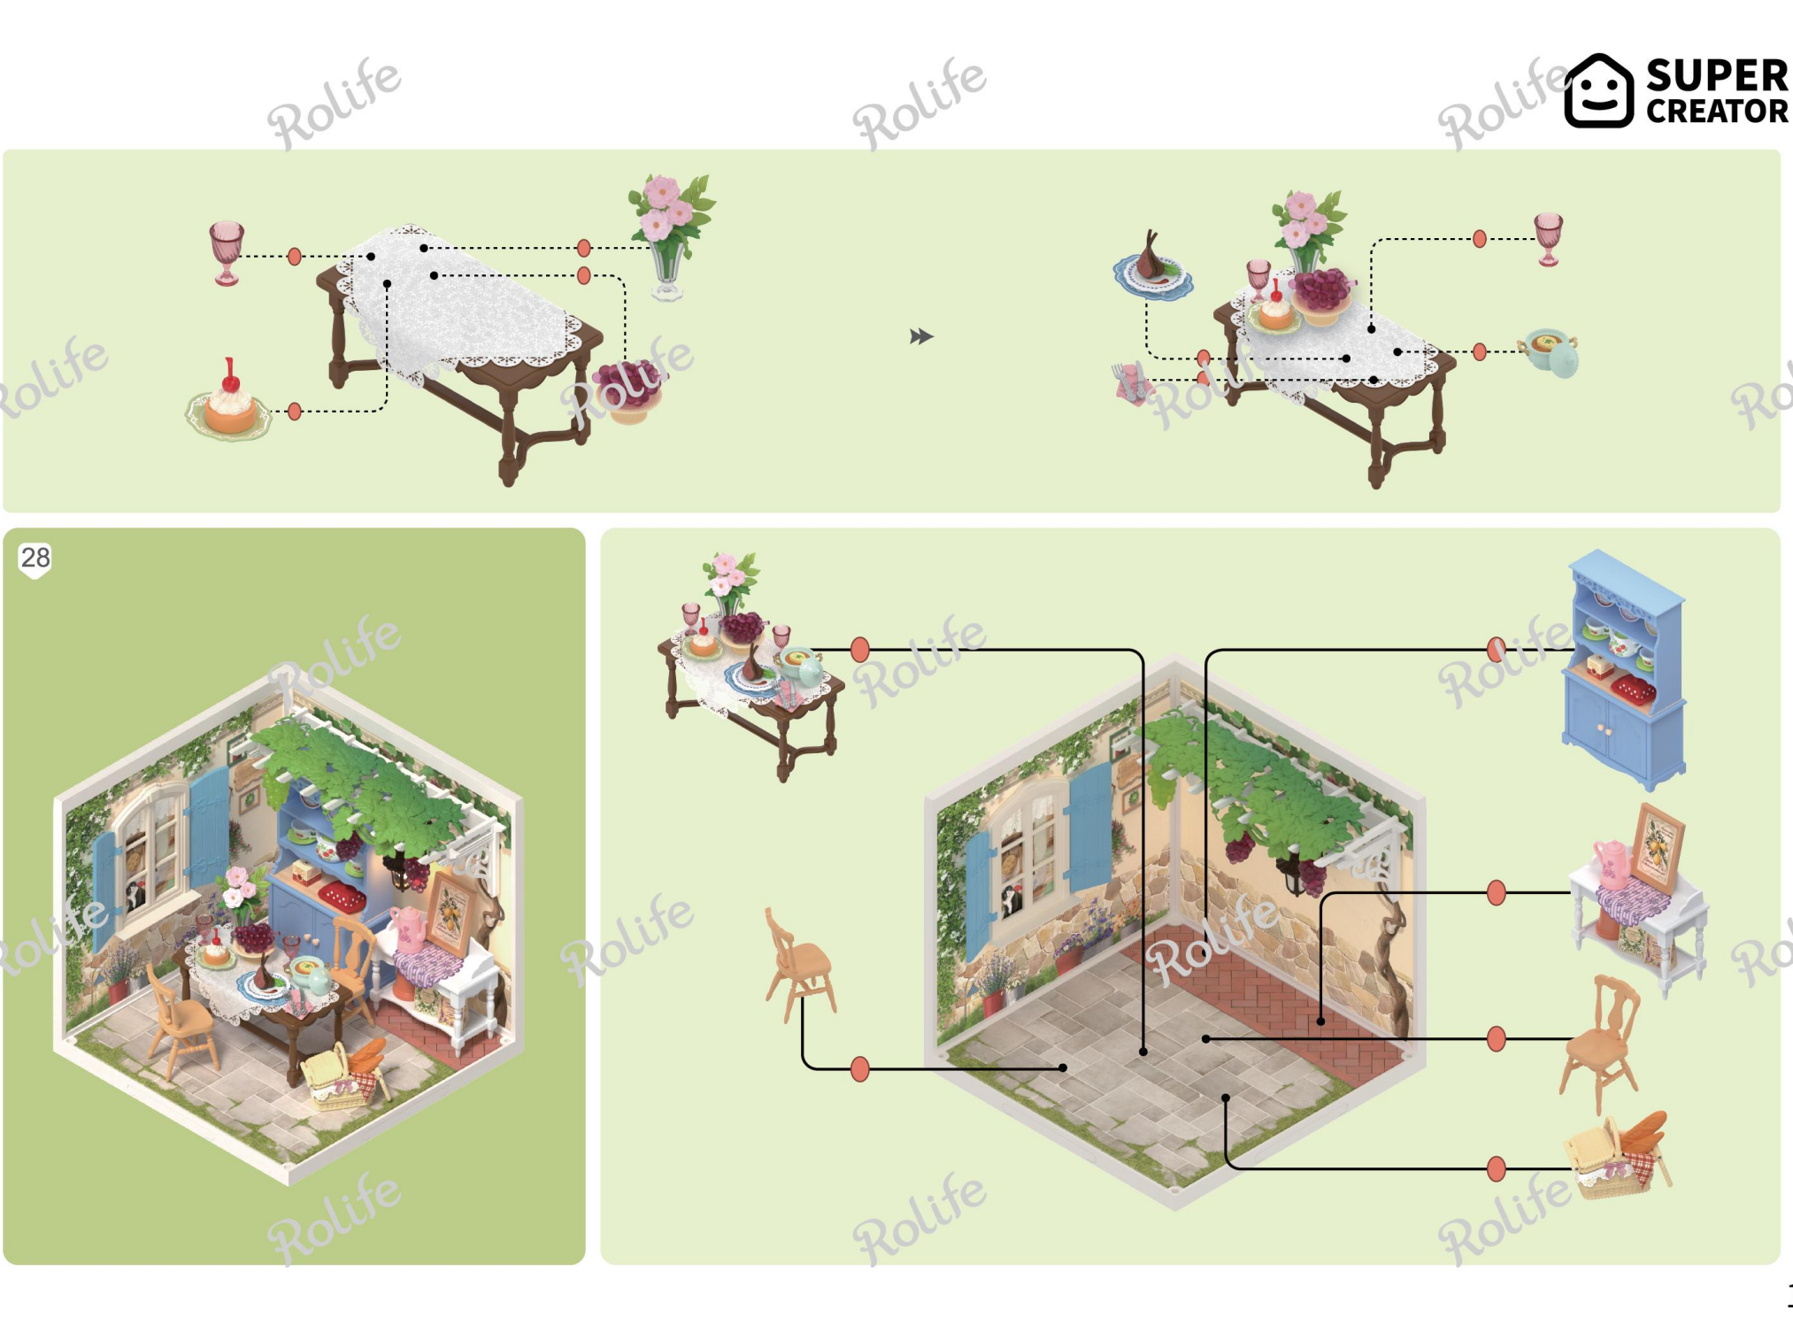




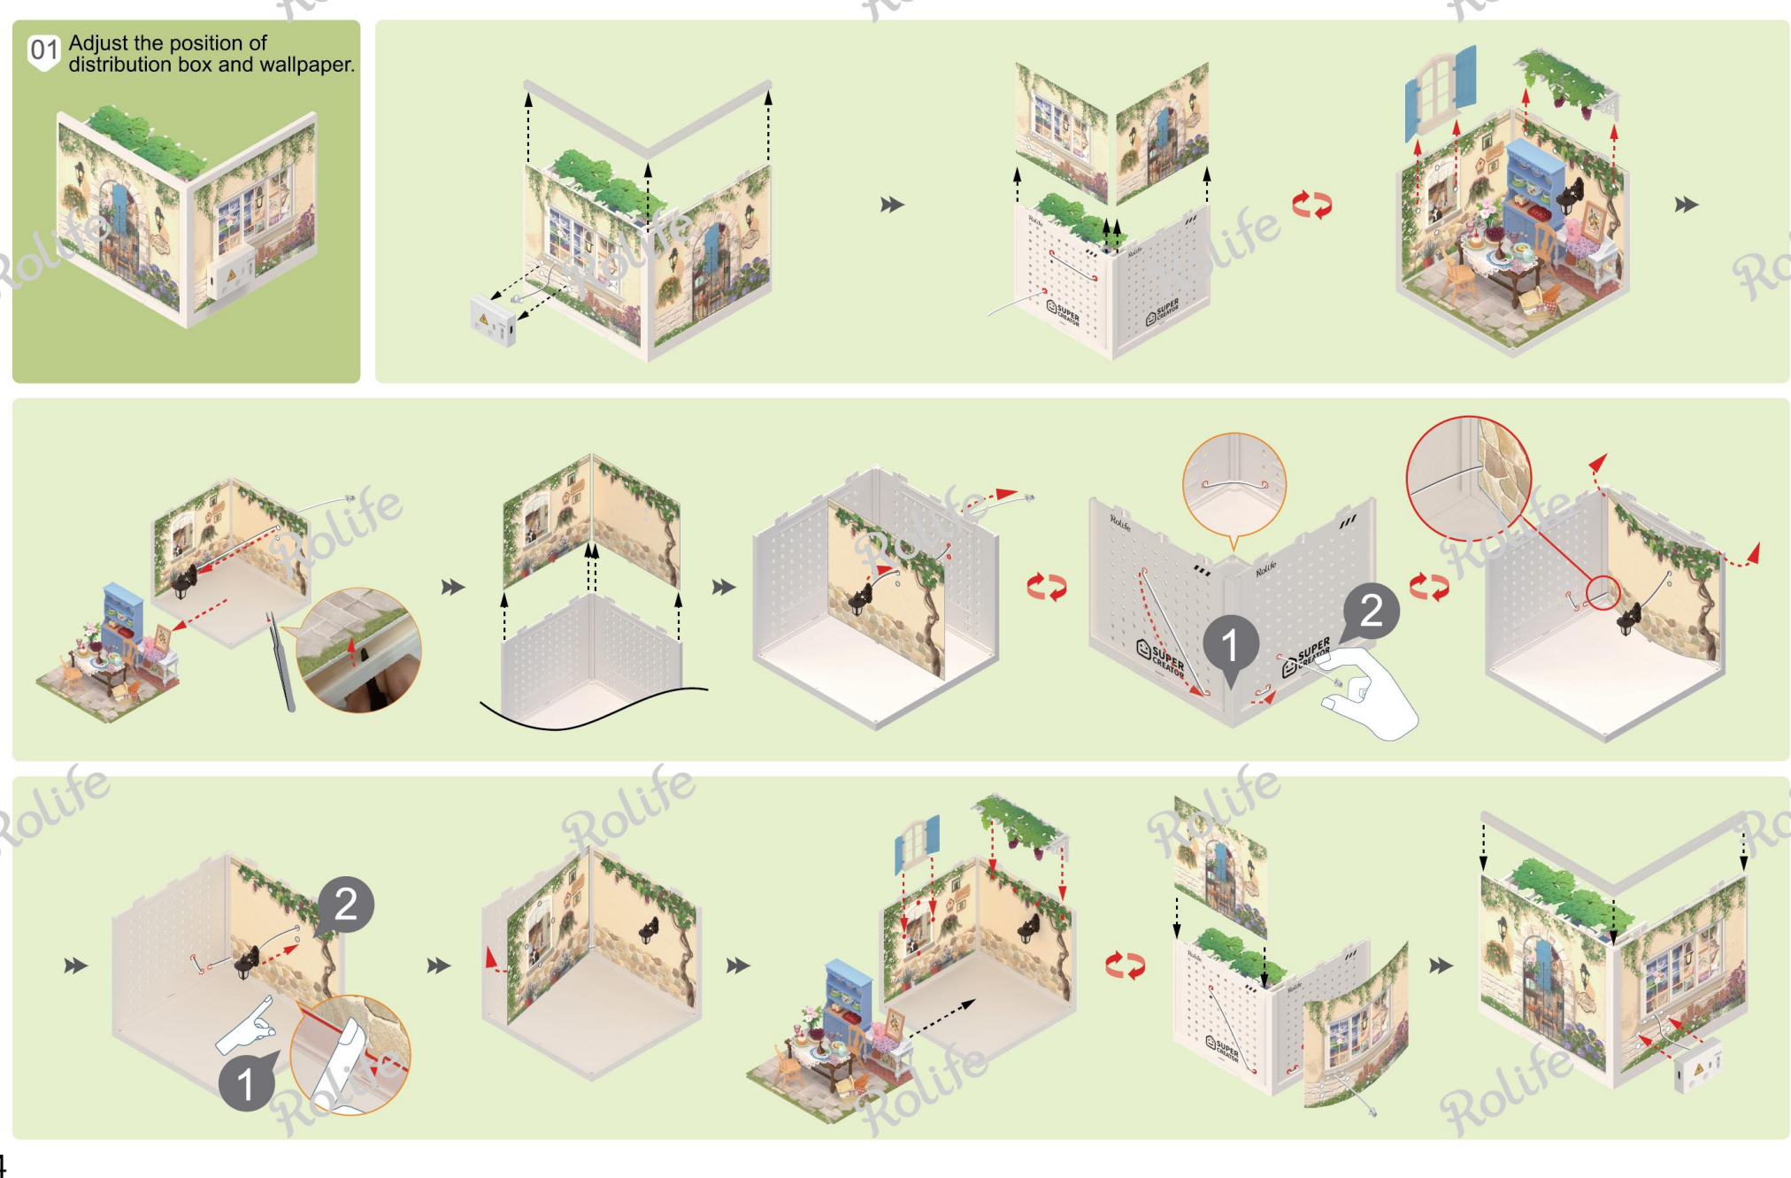


The raised patterned side is the front.

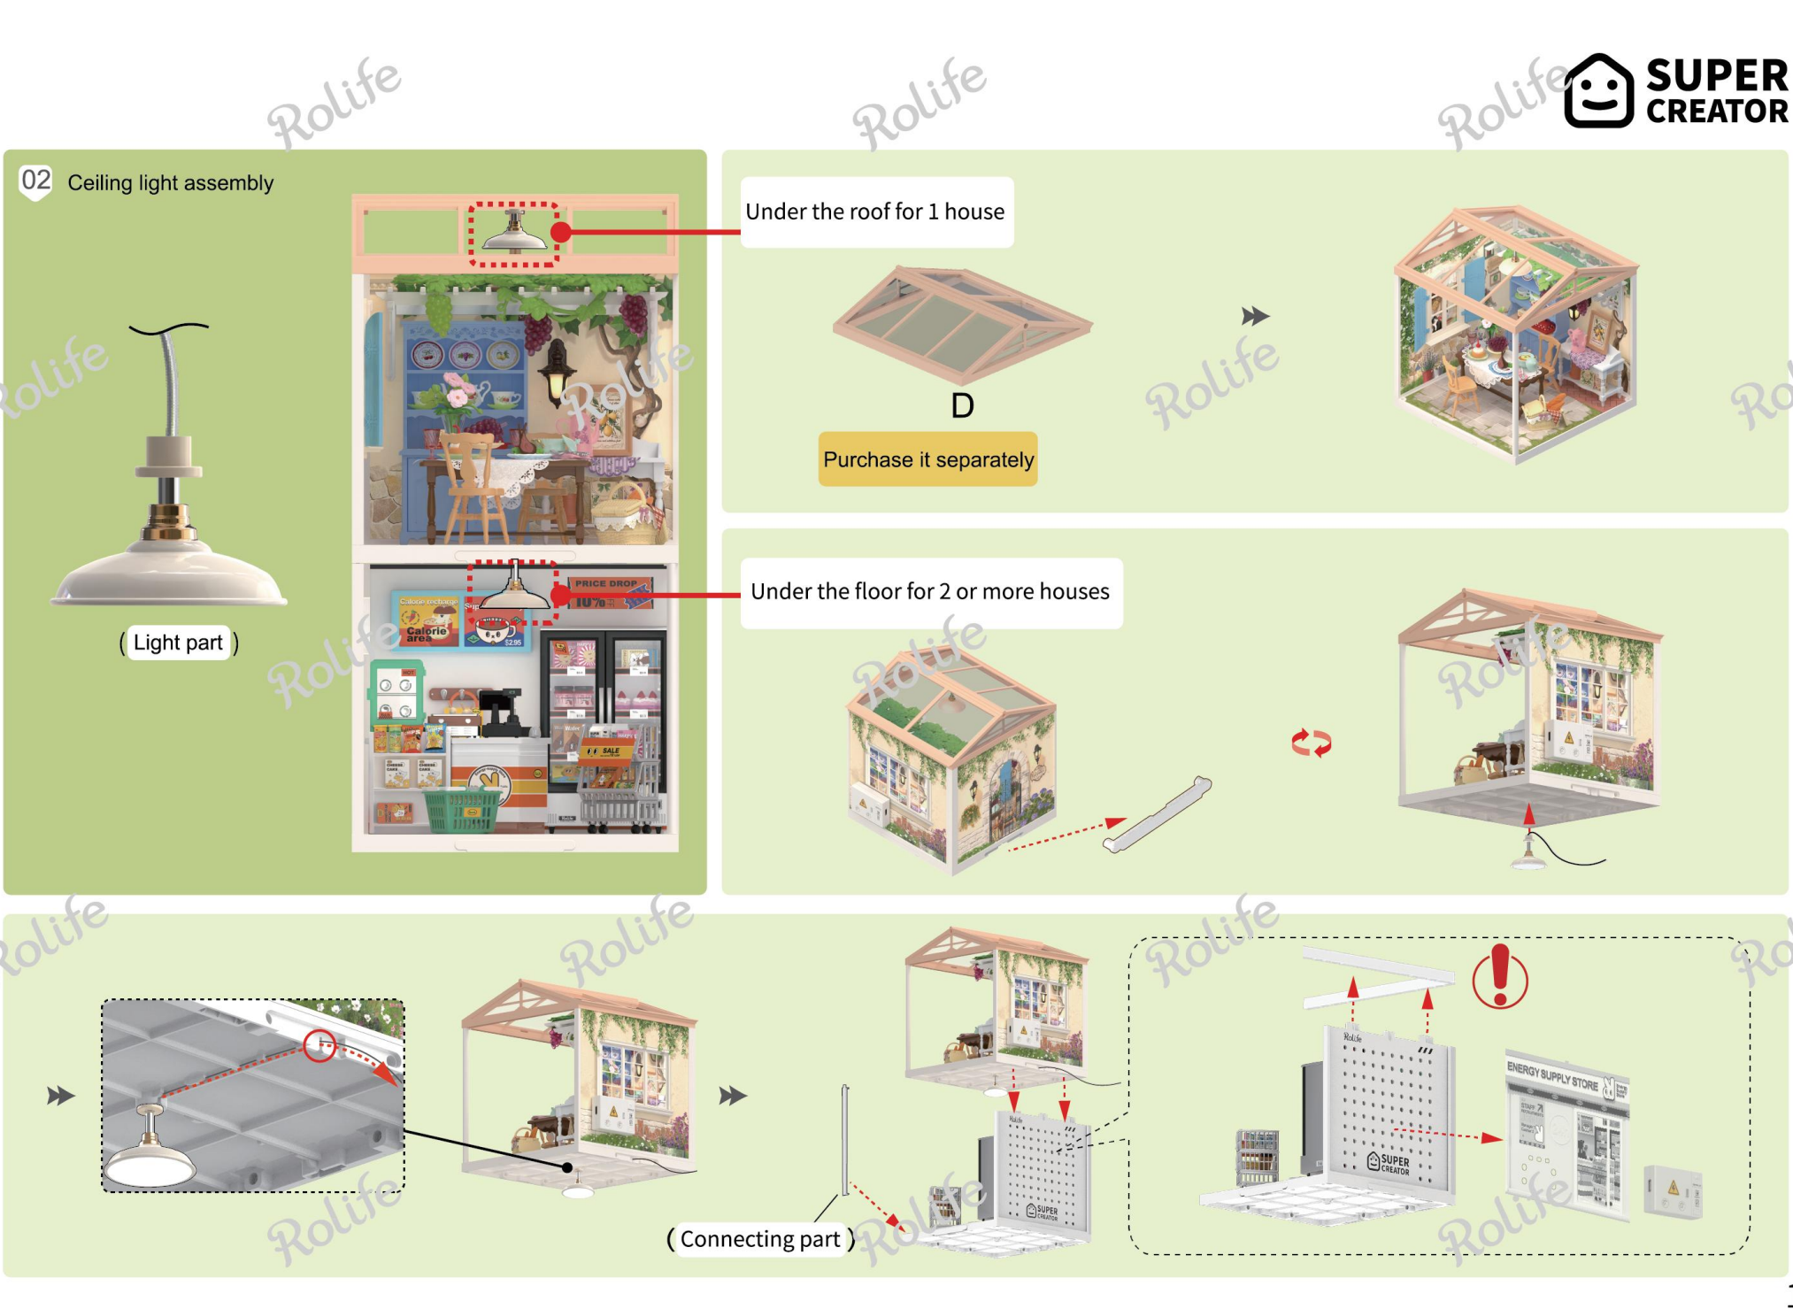




06 Add some other tricks

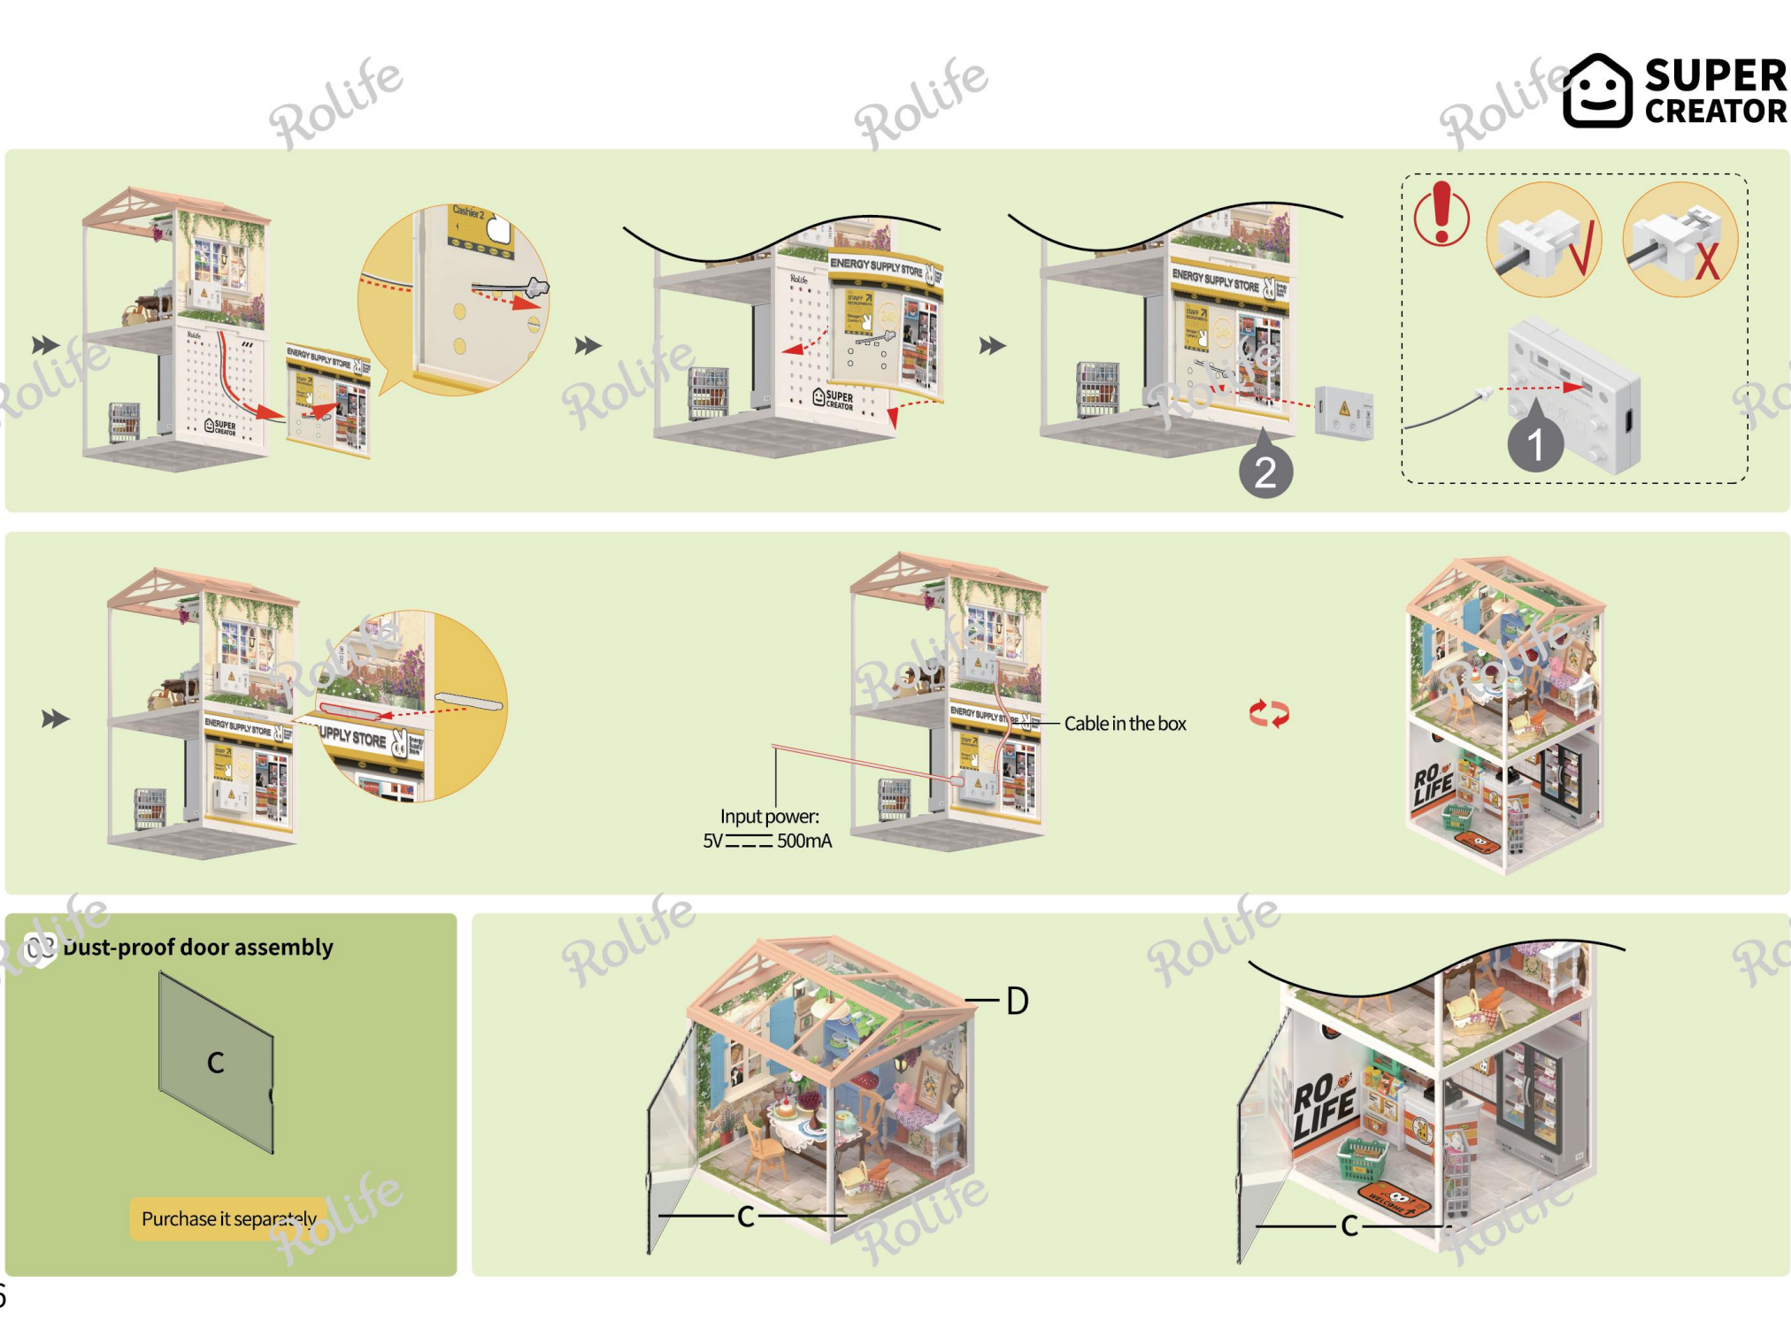


01 Adjust the position of distribution box and wallpaper.

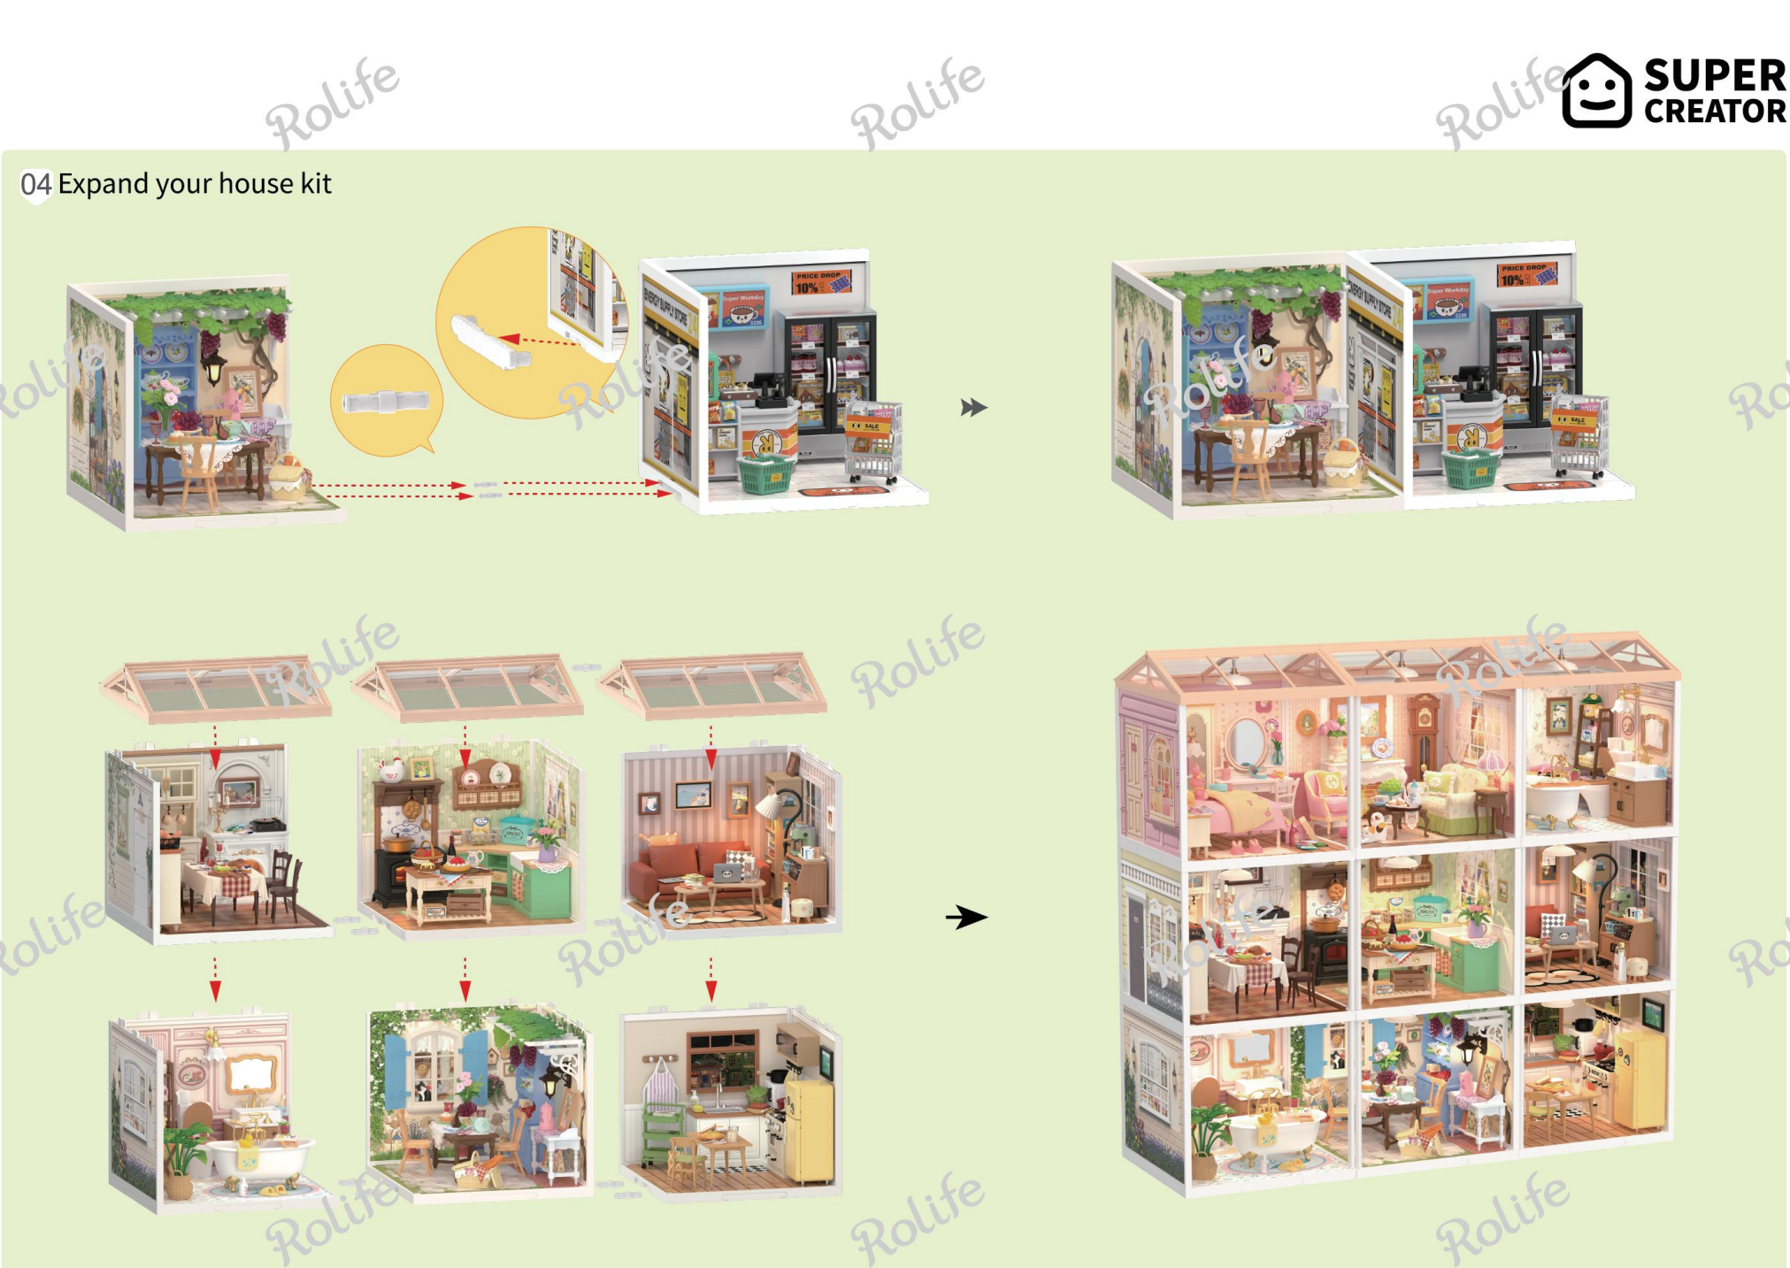


02 Ceiling light assembly

Light part
Under the roof for 1 house
D
Purchase it separately
Under the floor for 2 or more houses
Connecting part



03 Dust-proof door assembly



04 Expand your house kit
